Dear SUNY Adirondack Student,

On behalf of the faculty and staff, I would like to welcome you to SUNY Adirondack. Higher education is one of the most important investments you can make to grow personally and professionally, and I congratulate you for making the decision to pursue this challenging and rewarding goal.

You will be pursuing your educational goals during an unprecedented time in our country’s history. I applaud you for your resilience and persistence and we will do everything possible to support you during your educational journey. At the time of this writing, we are preparing for a mixed instruction model that puts the health and safety of our campus community at the center of our work during the COVID-19 public health crisis. Although the campus experience will be different this fall, we remain committed to your academic success with the resources in place, both virtually and in-person, to do so. Connecting with your faculty and your peers might look a little different, but we are prepared to make the best of it through innovative uses of technology and reasonable measures for in-person experiences.

This handbook provides answers to the many questions you may have, and I am certain you will find it helpful. However, do not let your guidance end with this book. Please feel free to take advantage of as many of our student services as you need in order to successfully complete your higher education goals. Ask us, we are here to help. Best wishes for an enjoyable and successful college experience and I hope to interact with you during your time at SUNY Adirondack.

Sincerely,

Kristine D Duffy, Ed.D.
SUNY Adirondack President
THE STUDENT ASSOCIATION AND STUDENT ORGANIZATIONS

THE STUDENT ASSOCIATION AND THE STUDENT SENATE

Each student who enrolls at SUNY Adirondack, regardless of whether he or she is a traditional (recent high school graduate), non-traditional (returning adult), beginning or transfer, part-time or full-time student, automatically becomes a member of the Student Association (SA). With over 3,500 members per year, it is by far the largest organization on campus.

The Student Senate governs the Student Association. These seventeen students, with the assistance of faculty and staff advisors, maintain the SA’s budget of over a quarter-million dollars, which comes directly from student activity fees. Most of this money is disbursed to support a variety of campus programs as well as Athletics and all campus clubs. The Senate also oversees the formation and operation of all student clubs and activity groups, works closely with faculty, staff, and administration regarding issues that directly affect students, and provides an important foundation for leadership development to all members of the campus community.

Senate membership includes four (4) At-Large Senators, eight (8) Division Senators, and Five (5) Executive Board Members. The executive board members are the President, Executive Vice President, Vice-President of Business and Finance, Vice-President of Marketing & Communications, and The Student Trustee. There are also three representatives’ one (1) College Activity Board (CAB) Representative, one (1) College Activity Board Saratoga (CAB-S) Representative, and one (1) Plattsburgh Representative.

The Senate holds a meeting once a week (every Wednesday afternoon from 12:40 until 1:50 p.m.). Meetings are open to all and address a variety of issues, including disbursement of funds to student organizations and other activities and scheduling special events. The Senate also examines ways to improve the campus atmosphere, which may include special remodeling projects, beautification of campus grounds, and listening to student concerns and ideas about campus issues. The Senate will then address these issues with the appropriate administrative staff.

The Student Activity Fee (currently $120/semester for full-time students, $9.00/credit hour for part-time students) supports a wide variety of activities and services through the Student Association (SA) at SUNY Adirondack. These activities and services include:

ATHLETICS
Conference Memberships • Van Rentals • Meal allowances (away contests) • Official’s fees for home contests • Rental fees for fields and other facilities • Athletic Uniforms • Athletic Head Coaches and Assistant Coaches salary contributions • Athletics Awards Banquet • Intramurals

CLUBS AND ORGANIZATIONS

The Student Activity Fee also supports campus services, activities, and events. For additional information or if you would like to get involved, please stop in the Student Engagement & Diversity Office or call (518) 743-2442.

Intramural Sports
Football ♦ Basketball ♦ Volleyball ♦ Badminton ♦ Softball (and others as requested)
For more information about intramurals check out http://www.sunyacc.edu/studentlife/intramural
Forming a New Student Organization

Students interested in forming a student organization, which will contribute to the cultural, social, and/or physical improvement of students at SUNY Adirondack, and which is of educational value may visit www.sunyacc.edu/packlife. All student organizations must be officially recognized by the Student Senate to receive a budget from Student Activity fees. All SUNY state-operated and community colleges require that student leaders and offices of registered/recognized student organizations and those seeking recognition complete training on sexual violence prevention as part of the approval process and require student-athletes to complete training prior to participating in intercollegiate athletics.

STUDENT PARTICIPATION IN SUNY ADIRONDACK COLLEGE ADMINISTRATION

Faculty Advisory Committees

Student participation on faculty committees is welcome. It is one of the most effective ways to affect positive campus changes. Listed below are the committees and their general areas of concern. Each committee has task groups, which are formed as needed. If you have concerns regarding one of the committee areas and would like to become involved, please contact the Dean for Student Affairs in Warren Hall or call (518) 742-2251. Your opinions can be expressed as a member of a task group or as a consultant to a task group or committee.

- **Instructional Affairs** deals with concerns directly related to the classroom, i.e. new courses.
- **Professional Development** makes recommendations for Research and Curriculum Development grants as well as for Division, Department, and Discipline Development grants, and coordinates the College Lecture Series.
- **Facilities and Safety** make recommendations concerning the personal safety of students, staff, and visitors.
- **Professional Recognition** makes recommendations for the SUNY Chancellor’s Awards, the President’s Award, and other awards, including Distinguished Professorships.
- **Student Affairs** deals with concerns related to student services, i.e., counseling, student activities, financial aid, etc. Four students serve on this committee.

Faculty-Student Association (FSA)

The FSA is an educational corporation designed to provide to the College, and particularly to the students and faculty, services that are not provided for in the College budget. General policies regarding the operation of Chartwells Food Service and the Bookstore are determined by the FSA with guidelines established by the College and the Board of Trustees. The FSA Board of Directors consists of four administrators, four selected faculty members, two support staff members, two community members, and six students elected by the student body. If interested, see the Director of Student Life & Diversity for additional information.

Student Disciplinary Review Board

Each board consists of three students, three full-time faculty members, and the Vice-President for Academic Affairs or his/her designee, and is concerned with resolving issues related to violations of the Code of Conduct. The Dean for Student Affairs convenes boards. If interested, contact the Director of Student Engagement & Diversity Initiatives for additional information.
ACADEMIC INFORMATION FOR STUDENTS

ACADEMIC EXPECTATIONS

Students are often unaware of the academic expectations of college. It is important that students adjust to these new expectations early in their college careers. SUNY Adirondack strongly recommends that students read the guidelines listed below.

1. College is not the end of the educational process but a foundation for a lifetime of continued learning and growth. Therefore, one of the central goals of college is to help students develop a sense of responsibility for their own learning and the ability to learn on their own.

2. Accordingly, college students spend much less time in class than they did in high school but are correspondingly expected to do much more work outside of class.

3. Students should expect to spend several hours studying outside of class for every hour in class. For students carrying a full-time load, this could mean that they will be spending between 40 and 50 hours a week (or more) on their academic work, the equivalent of a full-time job.

4. Students are responsible for learning a great deal of the material on their own outside of the classroom.

5. Students should expect that course material will be covered at a much more rapid pace than they have experienced before. This expectation is partially based on the assumption that students are preparing carefully for class so that more material can be covered in class.

6. Students are expected to come to class prepared and ready to participate actively in the class session. They are expected to have read the texts and used other required material carefully and comprehensively before the class session.

7. Students are expected to seek additional help, either from their instructors or the tutoring labs, as soon as they encounter a problem.

8. Plagiarism, or the use of another person’s ideas without giving the appropriate credit, will not be tolerated.

ACADEMIC ADVISING

At SUNY Adirondack, all full-time enrolled students are assigned an academic advisor based on their major. This advisor serves as a guide to educational and career planning, and a resource in their pathway to success here at SUNY Adirondack. Students can view their advisor’s name in Degree Works or in the Self-Service Banner. Students can take advantage of advising services in the Student Success Center in Warren Hall as well as other opportunities on both the main and Wilton (Saratoga County) campuses.

STUDENT SUCCESS CENTER (ADVISING)

Located in Warren Hall, the Student Success Center (Advising Center) provides academic advising, placement testing, and career planning services that empower all members of our diverse student body and improves students’ education, career, and personal goal completion. This office provides standardized placement testing in Math and English for entering and continuing students. Student Success Advisors in this office as well as at the Wilton Campus are available throughout the year to help students with academic, career, and transfer planning including course selection, degree management, and establishing career goals. This office coordinates the matriculation process, Early Alert, Academic Alert, Midterm Outreach, advising technologies, advising communications, and advisement training. This office serves as the primary student resource for Priority Registration, Change of Major, Withdrawal from a class, Identifying students eligible for Graduation, and Add/Drop.

Visit the Academic Advising section of the college website for even more tips and resources to help you make the most of your educational journey. If at any time you have questions concerning advising, contact the Student Success Center at (518) 832-7708 or advising@sunyacc.edu.
PLACEMENT TESTING
Placement testing is required before students register for classes. Placement test scores are used to place students in first semester courses. Non-Matriculated students must also test prior to registering for any classes requiring placement test scores as a prerequisite. Placement test scores do not impact admission to the College. SUNY Adirondack utilizes the Collegeboard’s ACCUPLACER and a Writing Sample for placement testing. The ACCUPLACER assesses skills in Math and English. The Math portion consists of: Arithmetic, Algebra and College-Level Math. The English portion consists of Reading Comprehension and a Writing Sample. Students in need of special testing accommodations should contact the Student Success Center at (518) 832-7708.

Math placement test scores are valid for four years and math tests will need to be retaken if math courses are not taken during that period. Students may request to retake the math placement test once in four years if they have not enrolled in a math course during that time. Once a student has enrolled in a math course the student must successfully complete that course before continuing to the next level of mathematics.

English placement test scores do not have a time limit. Students may request to retake the English placement once and will re-test based on their initial placement criteria. Students may be also required to take ENG 099 as supplemental instruction in support of ENG 101 success.

Placement test waivers may be available to students with prior college-level math and English credit. Requests for a placement test waiver must be accompanied by a transcript of previous college coursework. An unofficial transcript is acceptable.

Placement in first semester courses can greatly affect the amount of time required to graduate. Students are strongly encouraged to review English (reading and writing) and math (arithmetic and basic algebra) topics before taking the placement tests. Our Math faculty have developed a number of resources that can help students prepare for the placement tests. This can be found at https://www.sunyacc.edu/academic-advisement-student-success/placement-testing and scrolling to the bottom of the page under ‘Additional Resources and Instructional Videos’.

UNDERSTANDING THE ACADEMIC EXPERIENCE
ASSESSMENT
SUNY Adirondack is committed to the continuous assessment of student learning and institutional effectiveness in order to improve the education provided by the College. Assessment is an ongoing process of administering and reviewing the results of an array of assessment instruments including surveys, objective examinations, essay assignments, and performances. Students and faculty are asked to participate in the assessment process in association with various courses, programs, and student services in a way that preserves the anonymity of each student and faculty member. The participation of members of the Campus community in the assessment process helps the College to continuously improve the quality of its academic programs and student services as well as to meet the rigorous assessment standards set forth by the State University of New York and the College’s accrediting body, the Middle States Commission on Higher Education.

ATTENDANCE
You are expected to assume responsibility for regular attendance at all classes and laboratory sessions unless prevented by illness or other unavoidable situation. Faculty members determine their own policy regarding class attendance, so be aware of the requirements of each of your instructors. Explain any absences to your instructors to determine whether penalties may be avoided. Numerous absences, especially without good reason, may have negative consequences. Withdrawals may affect academic standing, academic honors, and financial aid. It is your responsibility to officially withdraw from a class. If you must miss class for an extended period, notify the Dean for Student Affairs and/or the counseling office. They will notify your instructors.

CHANGE OF PROGRAM
A Student Success Advisor or member of the Saratoga Center staff can help to clarify your interests and offer you options relating to choosing the major that best suits your goals.
CREDIT-BY-EXAM
If you feel that you already possess the knowledge being covered in a course (whether from practical experience, previous structured study, or personal reading), you may be able to earn credit by passing a competency exam. The Registrar’s Office has the required forms and can direct you to the appropriate faculty member or testing service.

DROP/ADD
The first five days of the fall and spring semesters are set aside for schedule adjustments. Students need to be aware of their program requirements if they are going to make changes, to ensure that they will be taking appropriate classes. Students are required to speak with a Student Success Advisor prior to making schedule adjustments. Students receiving any financial aid, including loans, should also consult with Financial Aid prior to making any changes to their schedules.

GPA
Your Grade Point Average (GPA) is calculated by dividing your total credits attempted into your quality points earned. SUNY Adirondack students are required to have a minimum overall GPA of 2.0 in order to graduate, as well as to avoid academic probation or dismissal.

GRADE REPORTING
All student grades (midterms and finals) are available online in Banner. Midterm grades are “unofficial” and are not part of your permanent record.

SALE OF TERM PAPERS
According to New York State law, prosecutors can seek fines of up to $1,000 against persons caught selling term papers for submission by other students. In addition, it is a violation of the SUNY Adirondack Code of Conduct.

WITHDRAWAL FROM SUNY ADIRONDACK
Officially withdrawing from the College is the responsibility of the student. To withdraw from a class, you will first need to meet with a Student Success Advisor or email advising@sunyacc.edu. They may be able to offer you alternatives such as withdrawing from one or two classes or applying for scholarships to help with financial issues. If you are receiving financial aid, you should check with the Financial Aid Office before final withdrawal, as it may impact both current and future semester eligibility.

WITHDRAWAL FROM A COURSE
Officially withdrawing from a class is the responsibility of the student. Withdrawing from a course after the first week of the semester will result in the grade of “W” on your transcript. An automatic withdrawal is an official withdrawal during the first ten weeks of the fall or spring semester. Auto withdrawals are processed by the Registrar’s Office and require a Student Success Advisor and your signature on the form; an instructor signature is not required. After the first ten weeks of the semester, the faculty member must approve and sign the withdrawal form at his/her discretion until the last day of classes before finals begin. If you have questions, please talk to an advisor or consult the Registrar’s Office. Remember to always talk to the Financial Aid Office (if receiving any aid) before withdrawing as even one withdrawal can affect present and future financial aid.

BILL ADJUSTMENT
To be eligible for a bill adjustment (see billing schedule in the college catalog showing percentage rates by date), you must officially drop or withdraw from a course(s). Official withdrawal requires your signature on a withdrawal form or a letter informing the College of your intentions. The College cannot assume that you have withdrawn because you have stopped attending classes. Failure to officially withdraw may have a negative impact to your GPA and financial aid eligibility.
TRANSFER OPPORTUNITIES

SUNY Adirondack graduates have successfully transferred to colleges and universities throughout the nation. The key to successful transfer is planning. SUNY Adirondack has many degrees, programs, and courses that are transferable, but much is up to you. It is generally recommended that students complete their associate degree requirements at SUNY Adirondack before transferring. If you plan to transfer, you should:

1. Investigate possible transfer colleges before admission to SUNY Adirondack. Have two or three specific transfer colleges in mind. The catalog for each transfer college should be studied carefully, with particular reference to the statements regarding “Admission with Advanced Standing” and “Requirements for the Bachelor’s Degree.”

2. Plan your program of courses at SUNY Adirondack so that it coincides with courses normally required of freshmen and sophomores at the transfer institution.

3. Investigate costs at the transfer institution and design a sound financial plan.

4. Talk with the SUNY Adirondack transfer counselor as part of your transfer plan whose office is located in the Student Success Center in Warren Hall.

5. Attend SUNY Adirondack’s FREE Transfer Day or College Night

There are more than 1,000 four-year colleges in the United States and most accept transfer students and grant transfer credit. SUNY at Albany, SUNY at Plattsburgh, Siena College, and others guarantee full transfer admission into baccalaureate degree programs for SUNY Adirondack students completing parallel associate degree areas of study. (See a counselor about required grade point average and recommended courses). SUNY Adirondack also has formal transfer agreements with other colleges. For more information, visit the transfer website at http://www.sunyacc.edu/academics/transfer-opportunities.

ACADEMIC GRIEVANCE PROCEDURE

In order to provide a fair and workable academic grievance procedure, students should be free to take reasonable exception to the data or views offered in any course of study and to reserve judgment about matters of opinion. However, students remain responsible for learning the content of the courses in which they are enrolled. When a student thinks his or her rights and freedoms as a student have been violated or thinks that there has been a violation, misinterpretation or inequitable application of any of the academic regulations of the College, he or she should follow these steps in a timely manner:

1. Speak to the faculty member.
   If this interaction does not produce an appropriate solution,

2. Discuss the matter with the faculty member’s division chair.
   If this interaction does not produce an appropriate solution,

3. Appeal to the Associate Vice President for Academic Affairs.
   If this interaction does not produce an appropriate solution,

4. Appeal to the Vice President for Academic Affairs in writing.

In all matters concerning academic inquiries, all parties involved should show respect, restraint, and responsibility in their efforts to resolve academic grievances. Every effort should be made to expedite solutions to the situation. It is incumbent upon all parties to arrange and attend all meetings and conferences in good faith and to communicate all decisions as promptly as possible. No party will be discriminated against in any way for having filed or responded to a good faith academic inquiry.
IMMUNIZATION REQUIREMENTS

Students enrolled in six or more credit hours are required to provide proof of meeting NYS immunization requirements before the start of classes. Students must have had the meningococcal meningitis immunization within the past 5 years or complete the response form indicating the desire to not obtain the vaccination. Students must also submit proof of measles, mumps, and rubella (MMR) immunity after the student’s first birthday.

For more information on the meningitis vaccine and MMR, please contact the Registrar’s Office at (518) 743-2279

Students born prior to January 1, 1957 are not required to provide proof of immunization for MMR, but are required to complete a Meningitis Vaccination Response Form.

ACCESSIBILITY SERVICES
The Accessibility Services Office (ASO) is committed to providing an equal educational opportunity to students with disabilities by ensuring equal access to all programs and activities of the College, in accordance with the ADA Amendments Act of 2008, the Americans with Disabilities Act of 1990 and section 504 of the Rehabilitation Act of 1973.

Under these federal laws, students are eligible for services through this office if they have a physical or mental impairment which substantially limits a major life activity. Within post-secondary education, these laws further define eligible students as those who are, independent of disability, otherwise qualified for admission and participation in SUNY Adirondack’s programs and activities. Our goal is to ensure that all qualified students are provided the same opportunities available to the general college population. We achieve this goal by providing our students with accommodations and a variety of auxiliary aids and support services. The Director of Accessibility Services and/or Coordinator of Accessibility Services meet with each student wishing to register with the ASO and to discuss the procedure for arranging accommodations based on each student’s disability(s), needs, and appropriate documentation.

Students who wish to use the accommodations for which they are eligible should meet early in the semester to have accommodations arranged in advance and work closely together with the ASO to ensure accommodations are pursued and received appropriately.

For more information or to register with the Accessibility Services Office, please call (518)-743-2282 or email the office at access@sunyacc.edu.

CAMPUS SAFETY
At SUNY Adirondack, the safety and well-being of our students, faculty, staff, and visitors is a high priority. A safe and secure environment can be achieved only through the cooperation of all members of the campus community. Everyone must assume responsibility for their personal safety and the security of their personal belongings by taking common-sense precautions.

Campus Reporting and Prevention
Campus safety and law enforcement is coordinated by your campus Public Safety Office. The office has a force of sworn officers with full arrest powers. The officers must meet the high standards of training administered by New York State’s Division of Criminal Justice Services. They also undergo continuous training to improve their skills.

Campus Public Safety Officers conduct foot and vehicle patrols throughout the campus and residence halls 24 hours a day 365 days a year. The office of Public Safety’s objective is to provide a safe learning environment and protect the lives and property of students, employees, and visitors pursued within the framework of the College’s policies, rules and regulations and all local, state and federal laws.

Victims and witnesses can report a crime on a voluntary and confidential basis. These reports will be filed for informational purposes only for inclusion in the College’s annual crime reporting. Official investigations of criminal offenses are conducted by Public Safety and the appropriate local authority.

The investigation of crimes committed on College property falls under the jurisdiction of the Public Safety Office. Public Safety works closely with local law enforcement agencies including the Warren and Saratoga County Sheriffs and/or the New York State Police to assist with incidents that occur on or off-campus and involve College students or employees. If Public Safety determines that a serious crime or felony has been committed, Public Safety will refer the case to the appropriate local law enforcement agency and assist in its investigation.
If an incident occurs that the College feels may have an effect on the safety and wellbeing of the College community, information concerning the incident will be communicated by one or more of the following communication channels: College Emergency Notification System text or email, paper flyers, bulletin boards and the College’s web-site.

Safety Related Programming
Periodically, the College offers tapes and presentations about personal safety to the College community. A Safety Committee meets throughout the year to keep abreast of current issues and concerns. The committee suggests methods of keeping staff and students informed of campus safety issues.

FINANCIAL AID
The mission of the SUNY Adirondack Financial Aid Office is to promote equal access to higher education by providing assistance to students who, without such aid, would be unable to attend college. Approximately 75% of all SUNY Adirondack students (almost 80% of full-time freshmen) receive some form of financial assistance, sharing over $21 million annually.

Financial aid comes in three forms: grants and scholarships (which do not have to be repaid), loans (which must be repaid with interest after you complete your education), and jobs on campus (students receive bi-weekly paychecks for hours worked). For names, descriptions, and eligibility requirements of each program please refer to either the SUNY Adirondack Catalog, or the Financial Aid section of the SUNY Adirondack web site at www.sunyacc.edu. At SUNY Adirondack, the optimal time to apply for aid is June 1 for the fall semester and December 1 for spring classes. However, you may apply after the academic year has begun, but you may not be eligible for as much funding. Common financial aid applications include the Free Application for Federal Student Aid (FAFSA) for federal aid, the Express TAP Application (ETA) for state aid, and the Master Promissory Note (MPN) for loans.

You must reapply for aid and file a FAFSA every academic year.

After you have been deemed financially eligible for aid by federal and/or state agencies, you must meet certain standards of academic progress to continue to receive funding in subsequent semesters. These are referred to as standards of Satisfactory Academic Progress, and are different for the federal aid programs (Pell Grant, SEOG Grant, Direct Stafford and PLUS Loans, and federal work-study), and the New York State programs (TAP, APTS, state scholarships). The financial aid section of the SUNY Adirondack Catalog and website contain charts showing the specific standards which students must meet as they progress toward completion of their SUNY Adirondack degree or certificate.

Only classes required for a SUNY Adirondack degree or certificate qualify for financial aid eligibility so be mindful of repeated classes or excessive electives.

Ask the Financial Aid Office if your current and/or future semester aid will be affected if you withdraw from a class or from the College. Financial aid recipients will also want to check with the Financial Aid Office before withdrawing from a class or classes due to a mandate which requires SUNY Adirondack to recalculate award amounts within a semester.

In other words, the amount which you were awarded for a particular semester may have to be reduced if you withdraw from class(es). You may be required to repay a portion of your financial aid to the College.
The Financial Aid Office is located in Warren Hall. It is open 8 a.m. to 4 p.m. weekdays. If you need to make an evening appointment with a representative, please call (518) 743-2223. We encourage all students to regularly monitor their Self-Service Banner accounts. Students can review financial awards, monitor outstanding requirements (documents); accept offered awards (loans and work-study); and view how their financial aid is applied to their bill (in the Student Accounts section under Account Detail by term).

SUNY ADIRONDACK FOUNDATION
Guided by SUNY Adirondack’s strategic plan, the SUNY Adirondack Foundation actively and collaboratively raises and manages the necessary funds to help the college meet the evolving needs of its students and community. In 2020-2021, the Foundation will provide more than $1.25 million to SUNY Adirondack, including $385,000 to support student scholarships. As per the College’s Policy #5000, all campus fundraising efforts must be coordinated through the SUNY Adirondack Foundation, a 501(c)3 organization specifically incorporated to accept gifts from the private sector. All members of the campus community who wish to solicit any off-campus entity in support of an approved project must coordinate their efforts with the Foundation to ensure that gifts are consistent with the College’s priorities and policies and reduce duplicative requests to potential donors.

1.2 Philosophy of Residence Life

Congratulations! You have just become a member of the residence hall community at SUNY Adirondack – a community composed of individuals with diverse academic interests, backgrounds, cultures, races, lifestyles, and experiences. As a member of this community, you have both rights and responsibilities. You have the right to:

- Study, sleep, and socialize in your room.
- Live in a supportive and stimulating community where your individuality is valued, respected, and appreciated.
- Involve yourself and others in promoting the health, safety, and security of all residents.
- Enjoy access to a variety of facilities and services provided by SUNY Adirondack.

You have the responsibility to:

- Consider the needs of other residents and balance them with your own needs. Just as you expect other community members to be considerate of your needs, you are responsible for demonstrating consideration for their needs.
- Promote care of the physical facilities, equipment, and services provided by the program.
- Communicate with other residents and staff members. Communication is an important aspect of building relationships with others and in seeking assistance to address academic and personal issues.
- Let other residents know when they are disturbing you. When other people infringe upon your rights, you are responsible for asking them to alter their behavior out of respect for you. If others do not respond to your request, you should ask other staff members for help and they will assist you.
- Demonstrate a commitment to the SUNY Adirondack community by getting involved.
- Get to know other residents. Participating in activities and joining the Residence Hall Association are ways to have fun and make your mark at SUNY Adirondack.
- Promote campus safety and security by locking your room and suite doors at all times, reporting missing or stolen keys, un-propping outside doors, walking with other people at night, and reporting suspicious people and activities to staff members.
- Demonstrate respect for all individuals and enjoy the benefits of meeting people who are similar to and different from you.
- Be aware of your behavior and emotions at all times. Expect that differences will arise, and to deal with those differences in a mature and responsible manner.
- Take precautions for your safety and those around you.
- Use laundry facilities and all furnishings properly. Please ask if you are unsure about how to use any machine or appliance.
- Understand and follow all SUNY Adirondack and Residence Life rules and represent SUNY Adirondack responsibly when off campus.

1.3 Prosocial Community Standards

The Residence Hall is a unique community within the greater campus community and society as a whole. As members of the Residence Hall and campus community, residents are encouraged to create and engage in the environment in a positive and responsible manner.
Prosocial behaviors are encouraged in the residence hall. Prosocial behavior is characterized by a concern about the rights, feelings and welfare of other people. Behaviors that can be described as prosocial include feeling empathy and concern for others and behaving in ways to help or benefit other people. Residents are encouraged to live with a prosocial mindset to create a more positive residential experience for all students. All residents, students, guests, faculty, and staff should feel comfortable in the residence hall.

2 THE SUITES AND ROOMS

2.1 Security Deposit – Students are required to pay a $250 security deposit prior to being assigned a room in the residence hall.

1. This deposit is part of the process but does not guarantee a room. At the start of the semester, the deposit will be refunded if you are not offered a room in on-campus housing.

2. The deposit is on record for the full academic year from the fall semester move-in date to the spring semester move-out date.

3. When you move in, you sign a contract with housing for the academic year.
   a. You may be released from your obligation under this contract only with the written permission of AHA’s Director of Residence Life. As stated above, the license to live agreement is for the entire academic year. Students who break the Residence Hall License to Live agreement are subject to a $500 agreement cancellation fee.
   b. All requests for release must be submitted in writing to the Director of Residence Life. You must present compelling reasons for the requested release (i.e., marriage, activation for military duty, significant medical reasons, financial hardship).
   c. The decision as to approve or deny any such request shall lie at the discretion of the Director of Residence Life.
   d. Your housing deposit will not be refunded if you are released mid-year as you would be breaking your housing contract.

4. Room damages [1] beyond normal wear and other administrative penalties will be charged against the deposit.

5. Students who would like to return to the Residence Hall for an additional academic year may rollover their deposit from their current contract year to the next contract year if they are in good standing academically, socially and financially with the College and the AHA.
   a. A deposit rollover will not require any additional payment if no damage is due to the room and/or there are no outstanding financial obligations. This will secure student placement in the building for the next academic year.
   b. Once the deposit is rolled to the next academic term, any bills for damage, cleaning, keys, improper checkout, or prior balances will become immediately due and must be paid in order to remain a student for the next term. Failure to pay would result in the loss of their room and their security deposit.
   c. Once a student authorizes to rollover their deposit, it is no longer refundable if that student later changes his or her mind about living on campus for the following academic year or later chooses to not return to SUNY Adirondack.

6. Students who are not intending to return for the next academic year, will be refunded their deposit IF they have no financial obligations (outstanding bill, damages, etc.), have not broken the Residence Hall Contract, and have indicated their request via a completed and signed intent form at the end of the academic year prior to student move-out.

7. If the residence hall contract is broken for any reason, the security deposit will not be refunded.
2.2 Suite layout and size – All housing is suite style, and each suite has a living room and at least one bathroom. Most suites feature double occupancy bedrooms, while there are a few triple occupancy bedrooms available. Single bedrooms are only available when occupancy is not to capacity or due to medical reasons. The Director of Residence Life in consultation with the Director of Accessibility Services must approve exceptions based upon medical necessity for single bedrooms. The layout and size of each room varies, but the average double occupancy bedroom size is 150 sq. ft. The residence hall has a fitness center, a multipurpose room, four classrooms, a bicycle storage room, and study areas.

2.3 Suite Amenities – Only SUNY Adirondack-provided furniture is permitted in the residence hall. The Director of Residence Life in consultation with the Director of Accessibility Services and Dean for Student Affairs must approve exceptions based upon medical necessity. Each suite comes fully furnished with the following:

- Bedrooms – twin-size bed, which are 80 inches by 36 inches, wardrobe, desk, and one chair per person

- Most suites have two (2) full bathrooms with showers.
- Cable and Internet services are provided at no additional cost.
  - Cable Television: Standard basic cable television, which provides approximately 60 channels, is provided to each living room and bedroom as part of the room costs.
  - Internet Connection: All bedrooms have their own First Light cable modem. You will need both a computer with a properly configured Ethernet card, as well as an Ethernet cable. Internet use is provided as a privilege and is intended to support your academic experience on campus. Illegal use, or activity that negatively affects the performance of the network, is prohibited.

Maintenance staff members are authorized to enter the suite to address the concern at any time between 8 a.m. and 4 p.m. Maintenance personnel may be required, and are authorized, to enter a suite at any time to perform emergency repairs when health and safety issues are involved. Students may be required to assist by removing personal property if it interferes with access to the area to be maintained. Fire, broken water pipes, and other maintenance problems, which could lead to structural damage or constitute a threat to the health and safety of students, are considered emergencies. Residents with immediate concerns or situations can contact the Office of Residence Life Monday through Friday from 8 a.m. to 4 p.m. at 518-832-7785. § Supervise operations, including enforcement of the residence standards and regulations, and make disciplinary referrals through the judicial process when appropriate.

§ Be responsible for the overall supervision/administration of his/her area.
3.9 Residence Directors – Residence Directors (RDs) are professional staff members who live and work in the residence hall. They provide a professional presence in the hall at all times by serving on duty whenever students are living in the residence hall. The RDs supervise the RAs in their work. They serve as a resource for students, serve as hearing officers in the judicial system, and meet with students around policy violations, and ensure a safe and welcoming community.

3.10 Residence Hall Association – The Residence Hall Association (RHA) is the governing body for all residence hall students and provides students with an opportunity to play an active role in developing their living environment. RHA is made up of the executive board and student representatives from each of the residence hall floors. Students are encouraged to attend all programming events. Resident Assistants (RAs) will post announcements of upcoming programs and the Office of Residence Life will send program information by e-mail. SUNY Adirondack is proud to offer a variety of academic, social, cultural, and recreational opportunities to enhance your student life experience. We encourage you to become involved in student life however you choose – by simply attending our variety of on-campus programs or assuming a leadership position in a club or with the Residence Hall Association.

The residence life staff will do their best to honor such requests. ALL requests must be sent via email to reslife@sunyacc.edu by BOTH parties. Requests are not guaranteed. As students will often arrive not knowing their roommates, Resident Assistants will visit each suite at the start of each semester to work with the group. Should a roommate conflict arise, one possible solution is to complete a roommate contract. This contract will help residents talk about issues such as cleaning the suite, guests in the suite, noise, etc. Students who experience roommate difficulty after completion of this form should consult with their Resident Assistant and/or Residence Director on next steps.

3.13 Student Health Services – Close to campus are a few urgent care facilities that will accommodate walk-ins and are open daily. Please see section 8.1 for contact information. 4.7 Tips Line – (518) 743-8477: Effective 9/6/16 SUNY Adirondack Office of Public Safety has established a confidential TIPS LINE as a means by which individuals can relay valuable information in an anonymous manner. Our goal is to obtain information that leads to individual accountability regarding incidents that violate the standards of good conduct and or public law. We ask for your help and cooperation because safety is everyone's business.

This tip line has been established for the campus community to report a crime or criminal activity to the Office of Public Safety anonymously. All calls are recorded to a voice mail box monitored by department officials for evaluation and action if necessary. There is no way of identifying or contacting the caller unless they leave that information in their recorded message. The Office of Public Safety personnel will check the voice message system periodically and thoroughly evaluate and distribute the information according to departmental procedures for investigating cases.

When leaving a message consider the following:

§ Who (description of each suspect, one at a time)
§ What (happened, did you see, was suspicious)
§ When (date, time)
§ Where (location of incident, direction suspect was headed)
§ Additional information that would be helpful to individuals investigating the report.

If you are reporting an emergency please call Public Safety at (518) 743-7233 or dial 911. Emergency or crisis information, or situations needing an immediate response should not be left on the tip line.
5 POLICIES

Living on campus presents numerous opportunities and challenges. The following rules and regulations are implemented to help ensure the peaceful enjoyment of suites in a safe and clean environment. Violators of any portion of this handbook or the Residence Life housing license will be referred for disciplinary action with the possibility of termination of their housing license.

5.1 Alcohol

1. No student or his/her guest(s), regardless of age, may possess, consume, store, distribute, or be in the presence of alcoholic beverages within the residence hall or on the property. This includes empty alcohol containers.

2. Any student or his/her guest(s) under the influence of alcohol who brings attention to himself or herself by making noise or general disruption or publicly displaying intoxication is in violation of this policy.

3. Any alcohol found on the property will be turned over to the residence hall staff and discarded immediately.

4. Repeated violation of the alcohol policy, including providing alcohol to minors, is grounds for dismissal from the residence hall.

5.2 Abandoned Property – Any personal property that remains in a room upon termination of the license shall be deemed abandoned and may be disposed of by AHA at its sole discretion. AHA may, in its discretion, make efforts to notify student and/or student’s parent or guardian that property has been found in room. Neither the AHA, the FSA, SUNY Adirondack, or their agents or contractors assume any responsibility for any such property at any time, regardless of any course of action taken.

5.3 Emotional Support Animals – With the exception of service animals and emotional assistance animals approved by the Office of Accessibility Services, no animals or pets of any kind are permitted in the residence hall. This includes goldfish, hamsters, gerbils, cats, rabbits, reptiles, etc.

2. The following items are NOT permitted in the residence hall; air conditioners, electric griddles, hot pots, George Foreman grills, roasting pans, space heaters, halogen lamps, and multi-bulb ‘octopus’ lamps. If you have a question about an item you are looking to bring or purchase, please consult with Residence Life staff prior to bringing the item to your suite.

3. Appliances should not be left unattended while in use.

5.5 Attendance/Student Success – Residence Life students are expected to be actively pursuing a full-time academic schedule (minimum 12 credit hours). This expectation not only includes attending classes, but also the preparation needed to be successful in the coursework. Students experiencing difficulty are encouraged to take advantage of the several tutoring or learning support opportunities on campus or talk with a Counselor. Please refer to “Academic Success Policies and Resources” in section 7.1 for additional information.

The Office of Residence Life may remove students from housing who are not actively attending classes or are registered for less than 12 credit hours. Students who fall below full-time status during the year are required to contact the Director of Residence Life to discuss their individual housing situation. If a student is not able to register for a minimum of 12 credit hours prior to the start of the semester due to academic program or academic status, they may request, in writing, approval by the Director of Residence Life for a reduced course load. Students will only be considered if they are in good social standing, and the decision is at the discretion of the Director of Residence Life based upon the individual circumstances presented.
NOTE: The federal government views financial aid as being “earned” by attending class over the course of the semester. If a student drops or withdraws, stops attending, or never attends one or more courses for any reason during the course of a semester, financial aid eligibility may change. By law, “unearned” funds must be RETURNED by SUNY Adirondack to the appropriate source (federal, state, or lending institution). It then becomes the student’s responsibility to pay the SUNY Adirondack bill directly with personal funds.

5.6 **Bicycles** – Bicycles are not permitted inside the residence hall or suites. They must be stored in the bicycle storage room. Residence Life and AHA are not responsible for damage or theft.

5.7 **Check-In/Check-Out** – Established check-in and check-out procedures must be followed by each student. At the beginning of each semester, each new student must check-in at the designated location as indicated in the room assignment letter. Students will then receive keys and sign a completed room condition form. Students will have the opportunity to take a receipt of the room condition form to further assess the room. All damages not noted on the Room Condition form or receipt will be at the responsibility of the student. Failure to hand in keys will result in a lock change charge. Failure to hand in room condition forms will result in an administrative charge for improper check-out. These check-in and check-out procedures are to be followed during the academic year as well.

5.8 **Complaints** – Issues concerning housing should be brought to the attention of the Resident Assistant (RA), and if not resolved, should be brought to the attention of the Residence Director (RD) or the Director of Residence Life.

5.9 **Damages to Property**

1. All residents will pay a security deposit as stipulated in the current license and outlined in section 2.1 of this handbook. This is to ensure the upkeep of the property, and to pay for damages discovered at the end of the license term.

2. Upon arrival, each student will receive a Room Condition Form (RCF), to be completed and returned to the Office of Residence Life.

5. Students residing within the residence hall will be held accountable for any costs of repairs or replacements to the physical structure, fixtures, equipment and furnishings of areas/rooms which are reasonably determined to be caused by intentional, willful, malicious, negligent, or careless/unjustified damage or destruction to said facilities. The charge will include material, labor and administrative costs. Damage charges are not limited to the amount of the security deposit. Students are required to notify the Office of Residence Life when damage occurs.

8. All repairs are to be made by the Office of Residence Life and/or its designee.

9. Students will be billed either through the disciplinary process or through an administrative damage review process at the time of damage or at the end of each semester. Damage will be added to the responsible student account and a hold will be placed on the account until the damage is paid in full.
10. Students may appeal administrative damage charges in writing by completing the damage appeal form and clearly explaining why the damage charge should not have been billed to them. The appeal must be received within 30 days of the damage bill being applied to the student account.

5.11 Decorations – For your comfort, you are encouraged to decorate your suite. We ask that you take care in the decoration of the suite as well as in the removal of those decorations. Please do not use nails. Use thumbtacks, tape, funtac and 3M products sparingly to hang decorations on walls. Nothing is permitted to be on the ceiling. We do not allow students to paint walls. Charges will be assessed if the decorations cause damage to the walls, doors, windows, or furnishings. TVs are not allowed to be mounted on the walls.

5.12 Dismissal – Serious and/or repeat violations of the housing rules and policies can result in removal from the residence hall. Students receiving an order to vacate as a result of a disciplinary hearing may have as few as 24 hours to vacate their suites. In such cases, no refunds will be granted, the security deposit will be forfeited, and students will have full liability of their housing costs. Students will also be banned from the residence hall and the property grounds, with threat of arrest for violators. If a student is deemed to be a potential threat to the community, a temporary suspension may be issued by the Director in consultation with the Dean requiring the student to vacate immediately and remain out of the building until which point a disciplinary hearing can be held and a final determination regarding suspension/dismissal is made.

5.13 Diversity – The Office of Residence Life will not discriminate on the basis of race, ethnicity, gender, gender identity, disability, religion, sexual orientation, or age. We are committed to providing an open environment, free from discrimination, harassment, and prejudice. Part of the SUNY Adirondack experience is allowing members of the community to be respected and valued for who they are. The Office of Residence Life is a SAFE ZONE.

Any students who have a change in their financial aid status or payment plan status will be reviewed on an ongoing basis throughout the academic year and may be removed if they are not in good financial standing. Any balance due at the end of the semester will be deducted from the security deposit when applicable and place the student’s account on hold with the college until the outstanding bill is paid in full.

Students are expected to refrain from any activity that might cause a disturbance in the community. This includes, but is not limited to, yelling out the window or down the hallway, and playing loud music or television in the buildings.

5.23 Room Changes –

1. All room changes must be approved by a member of the residence life professional staff.

3. Fourteen days from the day classes begin, residents may submit a room change request form for review by the Office of Residence Life.

4. There is also a room freeze during the final two weeks of each semester. This can be a busy time for students preparing for and taking finals, therefore only emergency changes are allowed.

In the event of vacancies, the Office of Residence Life will require the lone student in a room either to find a roommate of his/her own choosing or to relocate to another room, if time permits; or to accept another student who is on the priority list or is in a tripled situation; or to pay for single occupancy. Empty beds are rental possibilities for the AHA. Students may not refuse another student equal use of the room to which he/she has been assigned. Penalty incurred may be disciplinary action and/or assessment of full rent for that bed.

5.24 Skateboarding, skating, sledding and snow fights – Use of hoverboards, scooters, skateboards, skates, etc. are prohibited in the residence hall and on residence life property. Sledding and snowball/ice fights are not permitted on residence life property.

On the day of an impending snow storm, students and staff must move their vehicles to the main/east parking lot (near the woods) behind the residence hall no later than 10 p.m. so that the south lot can be cleared. The following night, students and staff are to move their vehicles to the south lot (near the soccer fields and gymnasium) no later than 10 p.m. so that the east lot can be cleared. Students will typically receive a reminder e-mail and notices will be placed throughout the building; however, it is the student’s responsibility to pay attention to the weather and move their vehicles accordingly. Vehicles that are not moved as directed will be subject to being towed at the student’s expense.

5.26 Tobacco Use – Tobacco is defined as smoking, the use of e-cigarettes, and/or the use of smokeless tobacco products. The use of tobacco products is not permitted anywhere inside the residence hall or on campus. Possession of smoking devices is also prohibited within the residence hall and on residence hall property. Violations of the tobacco-free policy by a student are subject to disciplinary sanctions.

5.27 Room/Suite Accountability – Students are responsible for the proper use of residence hall facilities. Any damages to student rooms are the responsibility of the occupants and will be billed accordingly. Please refer to the damage section of this handbook for details related to damage charges. All suites will be inspected at each break period. If common areas are left dirty to a point of causing a health hazard or creating an environment where a new student could not be placed, those areas will be cleaned by a housekeeping staff and all residents will be charged for that cleaning. Whenever damage occurs in a student’s room or to any equipment within the hall, it should be reported immediately to the Resident Assistant, Residence Director or other professional staff members and an incident report should be filed. All damages to common areas caused by misuse, abuse, or vandalism will be assessed against the student population of the appropriate building, floor or area.

5.28 Restricted Areas – Students are not permitted to be in restricted areas on campus or in the residence hall without permission. Such areas include the ropes course, classroom spaces, the RA desk, etc. Students will adhere to the hours of operation of all facilities as posted.

In-depth information on reporting, resources available for support, and the College Conduct process regarding Sexual Misconduct can be found in the Student Handbook. Any student(s) charged with Sexual Misconduct will be adjudicated through the College Code of Conduct.

6 JUDICIAL SYSTEM

All SUNY Adirondack students are responsible for their own behavior on the campus and within the residence hall. All students are encouraged to live within the guidelines established by the campus code of conduct which includes fostering an environment of positive social interaction.

Removable offenses are listed below. Residents involved in the following activities should expect to be removed and banned from the residence hall, and in addition to being subject to arrest, can also be subject to student conduct consequences. These include, but are not limited to:

1. Any form of physical assault or harassment.
2. Possession of, or distribution of, any un-prescribed or illicit drug.
3. Possession of a weapon.
4. Multiple alcohol or drug offenses, or singular drug or alcohol offenses with extenuating circumstances.
5. Breaking and entering into another student’s apartment or bedroom.
6.4 Hearing Procedures – The following are the rights of students accused of violations. They are designed to ensure decisions in disciplinary cases will meet essential standards of fairness and of equal importance that involved parties will be assured their case has been processed in a fair and judicious manner.

1. Students against whom allegations have been made shall be considered not responsible until given an opportunity to be heard.

2. Students accused of violating policies and regulations shall be notified of the specific charge before the case is considered. Subsequently, the accused shall be notified of the time and place where the case is to be heard.

3. The accused shall have an opportunity to prepare a defense.

4. Generally, the accused shall be free of disciplinary sanction, pending conclusion of the hearing; however, where the nature of the case indicates that there is a danger to the immediate well-being of the community or the accused student, appropriate interim measures may be taken by the Director of Residence Life and/or the Dean for Student Affairs. This includes, but is not limited to, a requirement to stay away from particular individuals or areas of campus, temporary residence suspension, temporary college suspension, etc.

5. The accused shall have an opportunity to present evidence on his or her behalf.

6. The accused shall have his or her case heard within a reasonable amount of time.

7. The accused shall receive the final decision within a reasonable amount of time after the hearing.

8. Finally, all students should have the right to expect an appropriate level of confidentiality in disciplinary proceedings. No conduct officer will discuss the evidence, testimony, deliberations, decisions, or sanctions that make up the hearing process with anyone outside the hearing itself except in cases where harm to self and others is discussed or threatened, or in cases where the accused provides written permission to the conduct officer.

9. Students who fail to attend their scheduled meeting will be considered as accepting responsibility for the alleged conduct violation. The conduct officer will adjudicate the violation in the student’s absence. The conduct officer will follow up with an outcome notification to the student in writing.

Students should know that disciplinary records are kept in the Office of Residence Life and are managed according to federal legislation guidelines of the Family Educational Rights and Privacy Act [FERPA].

In minor disciplinary cases, the guidelines listed above will be implemented with a minimum of formality. But in all cases, it is essential that steps to promote fairness should govern procedures, providing the accused with an opportunity for defense against the charge of misconduct.

6.5 Burden of Proof – The burden of proof in all alleged violations of the Residence Life Handbook is “the preponderance of the evidence” – whether it is “more likely than not” that the violation occurred. If the evidence presented meets this standard, then the respondent will be found responsible.

6.6 Sanctions – Sanctions are established based on the minimum sanction guidelines and are imposed on a case by case basis depending on the conduct history of the student being found in violation of the code. Potential sanctions include but are not limited to; community service, counseling referral, disciplinary probation, dismissal, Judicial Educator (educational modules), parental notification (for substance related violations of underage students), reflection papers, restitution, substance contracts, and written warnings.
6.7 Sexual Misconduct Cases – Procedures for cases of alleged dating violence, domestic violence, sexual assault, and stalking. In addition to the policies listed above the following procedures for disciplinary action apply directly to cases involving alleged dating violence, domestic violence, sexual assault and stalking cases.

These cases will be adjudicated through the College Code of Conduct.

1. Time Frames for the Review Process:

   d. Results of the complaint are typically issued within five (5) days after a formal hearing.
   e. An appeal of the results must be submitted within seven (7) days of receipt of the written results. Absent extenuating circumstances, decision on appeals are typically issued within ten (10) days after a formal hearing.

2. Evidence - Evidence to be presented by complaint(s) and respondent(s) during any hearing on the charges related to dating violence, sexual assault, and stalking cases must be shared with the opposing party at least two (2) business days in advance of the scheduled hearing.

3. Parties Right to Advisors- The respondent and complainant may be assisted during disciplinary hearings and related meetings (on charges related to dating violence, sexual assault, and stalking cases) by an advisor of their choice. Advisors may speak privately to their advisee during the proceeding, but may not speak to anyone else in the room. Advisors for the respondent and complaint may not present evidence, question witnesses or speak to any hearing officers. Either party may request a brief recess to consult with their advisor which will be granted at the discretion of the Dean for Student Affairs.

4. Notification of Findings- In the case of sexual misconduct and violations involving dating violence, domestic violence, sexual assault, or stalking, both the complainant and respondent shall receive simultaneous notice of results and sanctions imposed (and the rational for the results and sanctions), as well as notice of the appeal procedures available, any possible changes to the result that may occur before it becomes final, and when the results becomes final.

5. Sanctions- The College considers dating violence, domestic violence, sexual assault, and stalking as extremely serious violations and subject to SUSPENSION and/or DISMISSAL from the College. In such cases, a Temporary Suspension by the Dean for Student Affairs also may be invoked until the review process is concluded.

6. Retaliation- No member of the College community shall retaliate, intimidate, threaten, coerce or otherwise discriminate against a person who files a complaint, serves as a witness, or assists or participates in a code of conduct proceeding in any manner. They enforce college policies and rules such as those found in the Student and Resident Handbooks and parking regulations.

The geographical area of jurisdiction encompasses the main campus, and facilities owned, operated or maintained by SUNY Adirondack, and those public highways which cross or about the campus properties.

The investigation of crimes committed on campus falls under the jurisdiction of the Public Safety Office. Public Safety works closely with our fellow law enforcement agencies, including the Warren County Sheriff’s Office, Saratoga County Sheriff’s Office and the New York State Police to assist with incidents that occur on and off-campus involving campus students or employees.

If Public Safety finds that a serious crime or felony has been committed, Public Safety will refer the case to Warren County Sheriff’s Office; Saratoga County Sheriff’s Office, Glens Falls Police Department, and/or the New York State Police and will assist in the completion of the investigation.

MEMORANDUM OF UNDERSTANDING (MOU)
The College, Warren and Saratoga County Sheriff’s Departments and Glens Falls Police Department have a Memorandums of Understanding, which recognizes the Public Safety Office. Each MOU designates the respective Sheriff’s Offices and Police Department as having primary law enforcement jurisdiction on all property owned, leased or under the control of the college and will provide police services on said property. A copy of these MOU is available for review in the Facilities Office during normal business hours.

While the College is private property, and Constitutional protections apply, law enforcement officers may enter the campus to conduct business as needed. Additionally, the officers are invited to patrol the campus to assist Public Safety in deterring crime.

EMERGENCY NOTIFICATIONS
If a situation arises that poses an immediate threat to the health and safety of students or employees, a SUNY Adirondack Emergency Alert will be issued to expedite emergency response and/or evacuation procedures. The goal of an Emergency Alert is to notify as many people as possible, as rapidly as possible, with adequate follow-up information as needed. Information will be disseminated via a variety of channels: The Office of Public Safety and the Marketing and Communications Department distributes information via the SUNY Adirondack Emergency Alert system broadcasts alerts via text message, recorded message via phone or email. An emergency siren is located on Seoville Hall. (The only time the siren is activated is for a situation necessitating a lockdown of the campus.) Some or all of these methods of communication will be used to provide follow-up information to the SUNY Adirondack community.

SUNY Adirondack Emergency Alerts are issued for incidents such as an active threat/shooter, major hazardous materials release, major fire, extended power outage, or a weather incident that would directly impact campus. SUNY Adirondack has implemented a process that gives the Associate Vice President of Facilities and Public Safety or designee the authority to confirm a significant emergency or dangerous situation; to develop the content; and to initiate the Emergency Alert System to send an emergency message to the campus community. The process also stipulates that an immediate emergency message will be sent to the SUNY Adirondack community without delay, unless notification will, in the professional judgment of responsible authorities, compromise efforts to assist a victim, or to contain, respond to or otherwise mitigate the emergency.
TIMELY NOTIFICATIONS

In the event that a crime is reported to Public Safety or local police authorities that poses a serious or continuing threat to the SUNY Adirondack community, a timely warning (called an ADK Safety Bulletin) will be issued to the entire campus community.

The Office of Public Safety and the Marketing and Communications Department personnel will typically develop the content and will issue the warning using some or all of the systems listed below.

Incidents are considered on a case-by-case basis after reviewing the facts and deciding whether there is a continuing danger to the campus community and the amount of information known by the Office of Public Safety for example, if an assault occurs between two students who have a disagreement, there may be no on-going threat to other community members and a timely warning would not be distributed.

The Associate Vice President of Facilities and Public Safety or designee reviews all reports to determine if there is an on-going threat to the community and if the distribution of a timely warning is warranted. Names and identifying information of victims will be held as confidential.

SUNY Adirondack will use some or all of the following systems to distribute timely warning notices: campus e-mail, internal CCTV system, building main entrances and bulletin boards, email and text notification.

DAILY CRIME/FIRE LOG

A daily log of incidents that occur on campus is kept and is available for the public to view in the Facilities Office from 8 am – 3:30 pm Monday thru Friday or by request. This log includes the date, time, general location, and disposition of the complaint. If an entry is determined to be confidential by the Associate Vice President of Facilities and Public Safety or Assistant Director of Public Safety, it will not be made available.

REPORTING A CRIME

SUNY Adirondack encourages anyone who witnessed or has been a victim of a crime to immediately report the incident by dialing 911 or for a non-emergency, 518-743-7233. Crimes can be reported on a voluntary, confidential basis for inclusion in the Annual Security Report. The Office of Public Safety can file a report on the details of an incident without revealing your identity. The purpose of a confidential report is to maintain anonymity, yet it allows the Office of Public Safety to take steps to ensure your future safety and that of others. With such information, the college can keep an accurate record of the number of incidents involving students, employees, and visitors and alert the campus community to potential danger if necessary. Reports filed on a confidential basis are counted and disclosed in the annual crime statistics for the college.

Lacking a request not to prosecute, in cases where the victim of a crime is incapacitated or otherwise unable to report a crime, the Office of Public Safety will act upon the investigation as if the victim requested a full investigation. Until otherwise advised by the victim.
STATEMENT ON COLLEGE’S COOPERATION WITH LAW ENFORCEMENT OFFICIALS

When a SUNY Adirondack student is involved in an off-campus offense, Public Safety officers may assist with the investigation in cooperation with local, state, or federal law enforcement. Warren County Sheriff’s Deputies, Saratoga County Sheriff’s Deputies, Glens Falls Police, and State Police Officers routinely work and communicate with campus officers on any serious incidents occurring on-campus or in the immediate neighborhood and business areas surrounding campus.

The College will cooperate fully and completely with local or state authorities on any case of suspected use, possession or distribution of illicit drugs and alcohol. In the event that any student is apprehended by local, state or federal authorities for the offense of use, possession or distribution of illicit drugs or alcohol, that student will not be in any way protected by the College. Additionally, there are certain off-campus offenses that by their very nature pose a serious threat to the College community. In all such cases a student convicted of violating civil law may be subject to separation from the College.

OFF CAMPUS ORGANIZATIONS

SUNY Adirondack operates no off-campus housing or off-campus student organization facilities.

CRIME PREVENTION PROGRAMS

Crime Prevention programs on personal safety and theft prevention are sponsored by Student Services throughout the year. Student Services staff facilitate programs for students providing a variety of strategies and tips on how to protect themselves from sexual assault, theft and other crimes. Security and safety related programs are also provided to students through presentations in Freshman Seminar classes.

The College educates the student community about sex discrimination, sexual assault, dating violence, domestic violence and stalking through freshman seminar and additional programming run by Student Activities each semester. Classes and literature on date rape education, risk reduction, and College response are available through the Counseling Office.

EMERGENCY RESPONSE PLANNING

The College’s Leadership and the Emergency Management Team are responsible for formulating and writing the Emergency Operations Plan. This plan provides a frame work for assessing emergency situations, appropriately responding to said emergencies and initiating necessary communication with those immediately impacted by the event.

Public Safety Officers respond to all calls for service, with the guidance of the Associate Vice President of Facilities and Public Safety and the Assistant Director of Public Safety, determine whether an emergency or dangerous situation exists. If such condition exists, the protocols established in the SUNY Adirondack Emergency Operations Plan are followed.

EVACUATION

If the immediate evacuation of a building(s) is required, alarm notification (fire alarm system) will be activated. SUNY Adirondack conducts one evacuation (fire Alarm) drill each semester for all facilities, one additional evacuation (fire Alarm) drill is conducted for the Residence Hall. The additional Residence Hall drill is conducted in the evening/night. All evacuation (fire Alarm) drills are unannounced.

Students learn the locations of the emergency exits in the buildings and are provided guidance about the direction they should travel when exiting each facility. The purpose of evacuation drills is to prepare building occupants for an organized evacuation in case of an emergency. Evacuation drills are used as a way to educate and train occupants on issues specific to their building. During the drill, occupants ‘practice’ drill procedures and familiarize themselves with the location of exits and the sound of the fire alarm.
The process provides the college an opportunity to test the operation of fire alarm system components. Evacuation drills are monitored by the SUNY Adirondack Facilities Department and the Office of Public Safety to evaluate egress and behavioral patterns. Deficient equipment is identified and repaired on a priority basis.

Residence Hall students receive information about evacuation and shelter-in-place procedures during their first floor meetings and during other educational sessions that they can participate in throughout the year. The Residence Hall staff members are trained in evacuation procedures as well as emergency response procedures.

Public Safety and Facilities staff are trained on an annual basis in regards to evacuation procedures.

**BIAS CRIME PREVENTION**

It is a SUNY Adirondack mandate to protect all members of the campus community by preventing and prosecuting bias or hate crimes that occur within the campus’ jurisdiction.

Hate crimes, also called bias crimes or bias-related crimes, are criminal activity motivated by the perpetrator’s bias or attitude against an individual victim or group based on perceived or actual personal characteristics, such as their race, color, national origin, religion, creed, age, disability, sex, gender identity or expression, sexual orientation, familial status, pregnancy, predisposing genetic characteristics, military status, domestic violence victim status, or criminal conviction. Hate/bias crimes have received renewed attention in recent years, particularly since the passage of the federal Hate/Bias Crime Reporting Act of 1990 and the New York State Hate Crimes Act of 2000 (Penal Law Article 485). Copies of the New York law are available from the Office of the Dean for Student Affairs.

Penalties for bias-related crimes are very serious and range from fines to imprisonment for lengthy periods, depending on the nature of the underlying criminal offense, the use of violence, or previous convictions of the offender. Perpetrators who are students will also be subject to campus disciplinary procedures where sanctions including dismissal are possible.

In addition to preventing and prosecuting hate/bias crimes, SUNY Adirondack also assists in addressing bias-related activities that do not rise to the level of a crime. These activities, referred to as bias incidents and defined by SUNY Adirondack as acts of bigotry, harassment, or intimidation directed at a member or group within the SUNY Adirondack community based on national origin, ethnicity, race, age, religion, gender identity or expression, sex, sexual orientation, disability, military status, color, creed, or familial status, pregnancy, predisposing genetic characteristics, domestic violence victim status, or criminal conviction. Bias incidents can be reported to the Dean for Student Affairs or the Director of Human Resources.

If you are a victim of, or witness to a hate/bias crime on campus, report it to Public Safety personnel by calling 518-743-SAFE (7233) or using a Blue Light phone. You can also contact the Dean for Student Affairs. Designated college personnel will investigate and follow the appropriate adjudication procedures.

Victims of bias crime or bias incidents can avail themselves of counseling and support services from the campus by contacting the Counseling Office at 518-743-2278, or stopping by the Office, located in Washington Hall.

For general information on SUNY Adirondack security procedures contact the Office of Facilities at 518-743-2246. Further information about bias-related and bias crimes, including up-to-date statistics on bias crimes is available from Office of the Dean for Student Affairs at 518-743-2277.
POLICY ON RETURNING TO CAMPUS AFTER MEDICAL CARE

Any student who has needed emergency medical evaluation and/or treatment, or who has been transported from the campus by emergency medical personnel, must follow specific procedures to return to campus. The College will determine the student’s appropriateness to return to the academic and/or residential environments, including planning for needed follow-up care, arranging for the completion of missed academic work, and assuring the safety and well-being of the whole campus community.

1. Psychological/psychiatric incident, including alcohol or other drug-related incident:
   a. Before noon of the first business day following the student’s wish to return to campus, he/she must contact the following two offices to arrange immediate appointments:
      i. The Counseling Office at 518-743-2278 (information will also be required from the attending physician in the emergency room/hospital)
      ii. The Office of Residential Life at 518-832-7785 if the student lives on campus

2. Traumatic injury, accident, or illness:
   a. Before noon of the first business day following the student’s wish to return to campus, he/she must contact the Counseling Office at 518-743-2278 to arrange an immediate appointment for follow-up care and/or referrals (information will also be required from the attending physician in the emergency room/hospital)

On the basis of all of the above information, an administrative determination will be made about the student’s ability to remain in school, any special conditions on his/her continued attendance (i.e., part-time study only, residential status), and any disciplinary action that the College may pursue. This decision will be made by a committee comprised of the Dean for Student Affairs, a Counselor, a Campus Safety Officer and (if the student lives on campus) the Director of Residence Life. Following the completion of the reentry assessment, he/she will be contacted by the Office of Student Affairs to inform him/her of the administrative determination and any special conditions to be set forth in a behavioral contract.

CAMPUS CRIME STATISTICS

CAMPUS LOCATIONS

Federal law requires that campuses report specific criminal activities that occur on campus property and specific areas around those properties. Crimes occur in the community beyond what is required to be reported in this document. Students are advised to exercise caution in ALL locations.

On Campus: includes all offenses reported on the main campus property and in campus buildings.

Non Campus: includes property owned or leased by the College outside campus boundaries. These properties include the Saratoga Center located at 696 State Rt. 9, Wilton NY, the Culinary Center located at 14 Hudson Ave, Glens Falls NY and Crockwell Pond located on East Sanford Street in the City of Glens Falls.

Public Property: includes thoroughfares, streets, sidewalks, parking facilities, and public parks or park-like settings immediately adjacent to and accessible from the campus.

Off-Campus Jurisdiction— SUNY Adirondack’s policy allows for pursuing student conduct action against students who are involved in off-campus incidents that also violate College policy and/or federal, state, and/or local laws, statutes, or ordinances.

Factors that may be considered in determining whether a relationship is an “intimate relationship” include, but are not limited to: the nature or type of relationship regardless of whether the relationship is sexual in nature; the frequency of interaction between the persons; and the duration of the relationship. Neither a casual acquaintance nor ordinary fraternization between two individuals in business or social contexts shall be deemed to constitute an “intimate relationship”; any other category of individuals deemed to be a victim of domestic violence as defined by the office of children and family services in regulation.

**POLICY ON SEXUAL MISCONDUCT**

SUNY Adirondack strictly prohibits the offenses of domestic violence, dating violence, sexual assault, and stalking.

SUNY Adirondack encourages the reporting of sexual misconduct that is prompt and accurate. This allows the college/university community to quickly respond to allegations and offer immediate support to the victim. SUNY Adirondack is committed to protecting the confidentiality of victims, and will work closely with students who wish to obtain confidential assistance regarding an incident of sexual misconduct. All allegations will be investigated promptly and thoroughly, and both the victim and the accused will be afforded equitable rights during the investigative process.

This policy applies to all members of the SUNY Adirondack community, including students, faculty, staff, visitors, independent contractors, and other third parties who are on campus and involved in an incident of sexual misconduct.

This policy prohibits all forms of sexual misconduct. This broad term includes, but is not limited to, acts of sexual harassment, sexual violence, sexual coercion, sexual threats or intimidation, domestic violence, dating violence, sexual assault, stalking, and cyber-stalking.
SEXUAL VIOLENCE RESPONSE POLICY

Within 96 hours of an assault, you can get a Sexual Assault Forensic Examination (commonly referred to as a “rape kit”) at a hospital. The Glens Falls Hospital SANE Program offers these exams. While there should be no charge for a sexual assault forensic exam, there may be a charge for medical or counseling services off campus and, in some cases, insurance may be billed for services. In the event that you need to have a forensic exam, you should call Washington County STARS. Their specially trained counselors can attend the exam with you, act as your advocate, and assure that your insurance is not billed for the exam.

§ You are encouraged to let hospital personnel know if you do not want your insurance policyholder to be notified about your access to these services. The New York State Office of Victim Services (OVS) may be able to assist in compensating victims/survivors for health care and counseling services, including emergency funds. A list of OVS services can be found here: http://www.ovs.ny.gov.

To best preserve evidence, victims/survivors should avoid showering, washing, changing clothes, combing hair, drinking, eating or doing anything to alter physical appearance until after a physical exam has been completed.
III. PROTECTIONS AND ACCOMMODATIONS

• When the accused is a student, the College can issue a “No Contact Order,” consistent with college policy and procedure, meaning that for the accused to continue contacting the protected individual is a violation of college policy subject to additional conduct charges. If the accused and a protected person observe each other in a public place, it is the responsibility of the accused to leave the area immediately and without directly contacting the protected person. (If appropriate, the College may establish a schedule for parties seeking to use the same facilities without running afoul of the No Contact Order.) Both the accused/respondent and reporting individual may request a prompt review, reasonable under the circumstances and consistent with SUNY Adirondack policies and procedures, of the need for and terms of a No Contact Order, including requests to modify the terms of or discontinue the Order. Parties may submit evidence in support of their request.

• Assistance from SUNY Adirondack Public Safety and the Title IX Coordinator in initiating legal proceedings in family or civil court, including but not limited to obtaining an Order of Protection or, if outside of New York State, an equivalent protective or restraining order.

• A copy of the Order of Protection or equivalent, and an opportunity to meet or speak with a college official who can explain the order and answer questions about it, including information from the Order about the accused’s responsibility to stay away from the protected person(s); that burden does not rest on the protected person(s). To speak with a college official, please contact Rick Conine, Assistant Director of Public Safety 518-832-7791; coniner@sunyacc.edu; Warren Hall. Please have a copy of your Order of Protection for reference.

• An explanation of the consequences for violating these orders, including but not limited to arrest, additional conduct charges, and temporary suspension.

• Assistance from SUNY Adirondack Public Safety in effecting an arrest when an individual violates an Order of Protection or, if outside New York State, an equivalent protective or restraining order within the jurisdiction of SUNY Adirondack Public Safety or, if outside of the jurisdiction of SUNY Adirondack Public Safety, to call on and assist local law enforcement in effecting an arrest for violating such an order.

• When the accused is a student and presents a continuing threat to the health and safety of the community, to have the accused subject to temporary suspension pending the outcome of a conduct process. Both the accused/respondent and reporting individual may request a prompt review, reasonable under the circumstances and consistent with SUNY Adirondack policies and procedures, of the need for and terms of a temporary suspension, including requests to modify the terms of or discontinue the suspension. Parties may submit evidence in support of their request.

• When the accused is not a student but is a member of the college community and presents a continuing threat to the health and safety of the community, to subject the accused to interim measures in accordance with applicable collective bargaining agreements, employee handbooks and SUNY Adirondack policies and rules.

• When the accused is not a member of the college community, to have assistance from SUNY Adirondack Public Safety or other college officials in obtaining a persona non grata letter, subject to legal requirements and College policy.

• To obtain reasonable and available interim protective measures and accommodations that effect a change in academic, housing, employment, transportation, or other applicable arrangements in order to ensure safety, prevent retaliation, and avoid an ongoing hostile environment. Both the accused/respondent and reporting individual may request a prompt review, reasonable under the circumstances and consistent with SUNY Adirondack policies and procedures, of the need for and terms of any interim measure and accommodation that directly affects him or her; parties may submit evidence in support of their request. While reporting individuals may request accommodations through any of the offices referenced in this policy, the following office can serve as a point to assist with these measures:
  o Title IX Coordinator: Lottie Jameson, 518-743-7741, jamesonl@sunyacc.edu, or Scoville Hall Rm 326.
IV. STUDENT CONDUCT PROCESS

- To request that student conduct charges be filed against the accused. Conduct proceedings are governed by the procedures set forth in the SUNY Adirondack Student Handbook as well as federal and New York state law, including the due process provisions of the United States and New York State Constitutions.

- Throughout conduct proceedings, the respondent and the reporting individual will have:
  - The same opportunity to be accompanied by an advisor of their choice who may assist and advise the parties throughout the conduct process and any related hearings or meetings. Participation of the advisor in any proceeding is governed by federal law and the Student Code of Conduct. Per SUNY Adirondack’s Code of Conduct, advisors may speak with their respective advisees during hearings and/or meetings but may not participate in the hearing or meeting process, i.e. by asking questions directly of College officials or speaking on behalf of their advisee. The College reserves the right to ask any advisor to leave the hearing or meeting should they not abide by these rules.
  - The right to a prompt response to any complaint and to have their complaint investigated and adjudicated in an impartial, timely, and thorough manner by individuals who receive annual training in conducting investigations of sexual violence, the effects of trauma, impartiality, the rights of the respondent (including the right to a presumption that the respondent is “not responsible” until a finding of responsibility is made) and other issues related to sexual assault, domestic violence, dating violence and stalking.
  - The right to an investigation and process conducted in a manner that recognizes the legal and policy requirements of due process (including fairness, impartiality, and a meaningful opportunity to be heard) and is not conducted by individuals with a conflict of interest.
  - The right to receive advance written or electronic notice of the date, time, and location of any meeting or hearing they are required to or are eligible to attend. Accused individuals will also be told the factual allegations concerning the violation, a reference to the specific Code of Conduct provisions alleged to have been violated, and possible sanctions.
  - The right to have a conduct process run concurrently with a criminal justice investigation and proceeding, except for temporary delays as requested by external municipal entities while law enforcement gathers evidence. Temporary delays should not last more than 10 days except when law enforcement specifically requests and justifies a longer delay.
  - The right to offer evidence during an investigation and to review available relevant evidence in the case file (or otherwise held by SUNY Adirondack).
  - The right to present evidence and testimony at a hearing, where appropriate.
  - The right to a range of options for providing testimony via alternative arrangements, including telephone/videoconferencing or testifying with a room partition.
  - The right to exclude prior sexual history with persons other than the other party in the conduct process or their own mental health diagnosis or treatment from admittance in the college disciplinary stage that determines responsibility. Past findings of domestic violence, dating violence, stalking or sexual assault may be admissible in the disciplinary stage that determines sanction.
  - The right to ask questions of the decision maker and via the decision maker indirectly request responses from other parties and any other witnesses present.
  - The right to make an impact statement during the point of the proceeding where the decision maker is deliberating on appropriate sanctions.
  - The right to simultaneous (among the parties) written or electronic notification of the outcome of a conduct proceeding. For students found responsible for sexual assault*, the available sanctions are suspension with additional requirements and dismissal.
Access to at least one level of appeal of a determination before a panel, which may include one or more students, that is fair and impartial and does not include individuals with a conflict of interest.

The right to have access to a full and fair record of a student conduct hearing, which shall be preserved and maintained for at least five years.

These records will be kept in the office of the Dean for Student Affairs, 518-743-2277, Warren Hall.

The right to choose whether to disclose or discuss the outcome of a conduct hearing. However, it should be noted that this does not allow students to unreasonably share private information in a manner intended to harm or embarrass another individual, or in a manner that would recklessly do so regardless of intention. Such sharing may be retaliation, which can result in separate charges under the Code of Conduct.

The right to have all information obtained during the course of the conduct or judicial process be protected from public release until the appeals panel makes a final determination unless otherwise required by law.

*Sexual assault is defined to be a Code of Conduct violation consistent with the Federal definitions of rape, fondling, incest or statutory rape adopted by the Department of Education in Final Regulations (http://www.gpo.gov/fdsys/pkg/FR-2014-10-20/pdf/2014-24284.pdf, page 62789). Consent for these purposes is defined by these policies and the NYS legislation.

**Affirmative Consent**

Affirmative consent is a knowing, voluntary, and mutual decision among all participants to engage in sexual activity. Consent can be given by words or actions, as long as those words or actions create clear permission regarding willingness to engage in the sexual activity. Silence or lack of resistance, in and of itself, does not demonstrate consent. *The definition of consent does not vary based upon a participant’s sex, sexual orientation, gender identity, or gender expression.*

Additionally:

- Consent to any sexual act or prior consensual activity between or with any party does not constitute consent to any other sexual act.
- Consent is required regardless of whether the person initiating the act is under the influence of drugs and/or alcohol.
- Consent may be initially given but withdrawn at any time. When consent is withdrawn or can no longer be given, sexual activity must stop.
- Consent cannot be given when it is the result of any coercion, intimidation, force or threat of harm.
- Consent cannot be given when a person is incapacitated, which occurs when an individual lacks the ability to knowingly choose to participate in sexual activity. Incapacitation may be caused by:
  - Lack of consciousness or being asleep;
  - Being involuntarily restrained;
  - If an individual has a disability that limits informed sexual decision-making;
  - If any of the parties are under the age of 17;
  - If an individual otherwise cannot consent; and
  - Depending on the degree of intoxication, someone who is under the influence of alcohol, drugs, or other intoxicants may be incapacitated and therefore unable to consent.

*Consent can be given through words or actions. However, this is not to say that silence is the opposite of verbalization. The provision that, “Silence or lack of resistance, in and of itself, does not demonstrate consent,” makes clear that, if there is a charge of sexual activity without consent, it is not a defense that the other person was silent and didn’t say “No,” and so therefore they must have consented. Silence in and of itself is not proof of consent; not saying “No” is NOT the same thing as saying “Yes”.*
OPTIONS FOR CONFIDENTIALLY DISCLOSING SEXUAL VIOLENCE

The State University of New York and SUNY Adirondack want you to get the information and support you need regardless of whether you want to move forward with a report of sexual violence to College officials or to police. You might want to talk with someone about something you observed, witnessed or experienced, even if you aren’t sure if the behavior constitutes sexual violence. A conversation where questions can be answered is far better than keeping something to yourself. Confidentiality varies, and this information is aimed at helping you understand how confidentiality applies to the different resources that are available to you.

In this Policy:

I. Privileged and Confidential Resources
II. Non-Professional Counselors and Advocates
III. Privacy vs. Confidentiality
IV. Requesting Confidentiality: How the College Will Weigh the Request and Respond
V. Public Awareness/Advocacy Events
VI. Anonymous Disclosure
VII. Institutional Crime Reporting

I. PRIVILEGED AND CONFIDENTIAL RESOURCES

Individuals who are confidential resources will not report crimes to law enforcement or college officials without your permission, except for extreme circumstances such as a health and/or safety emergency. At SUNY Adirondack, this includes:

- SUNY Adirondack Counseling Center: Holly Irion-Sweet, Licensed Mental Health Counselor (518-681-5620; irionh@sunyacc.edu; Washington Hall Rm 118); Beth Braxton, Licensed Mental Health Counselor (518-743-2249; braxtone@sunyacc.edu; Washington Hall Rm 113)

Off-campus (note that these outside options do not provide any information to the College) options to disclose sexual violence confidentially include:

- Off-campus counselors and advocates: Crisis services offices will generally maintain confidentiality unless you request disclosure and sign a consent or waiver form. More information on an agency’s policies on confidentiality may be obtained directly from the agency.
  - Warren County Rape Crisis 24-Hour Hotline: 1-888-307-4086
  - Warren County Domestic Violence 24-Hour Hotline: 518-793-9496
  - Saratoga County Wellspring Domestic Violence and Sexual Assault 24-Hour Hotline: 518-584-8188

- Off-campus health care providers:
  - Glens Falls Hospital SANE (Sexual Assault Nurse Examiner) Program in the Emergency Department at GFH: 518-926-300
  - Warren County Public Health (for STI testing): 518-761-6580
  - Washington County Public Health (for STI testing): 518-746-2400
  - Saratoga County Public Health (STI testing for residents of Saratoga County: 518-584-7460 ext. 8365)
  - Note that medical office and insurance billing practices may reveal information to the insurance policyholder, including medication and/or examinations paid for or administered.
You are encouraged to let hospital personnel know if you do not want your insurance policyholder to be notified about your access to these services. The New York State Office of Victim Services (OVS) may be able to assist in compensating victims/survivors for health care and counseling services, including emergency compensation. More information may be found here: ovs.ny.gov/forensic-rape-examination-fre-direct-reimbursement-program, or by calling OVS at 1-800-247-8035. A list of OVS services can be found here: www.ovs.ny.gov/ovs-services.

- Note that even individuals who can typically maintain confidentiality are subject to exceptions under the law, including the mandatory reporting of child abuse.

II. NON-PROFESSIONAL COUNSELORS AND ADVOCATES

Non-Professional counselors (those who are not licensed mental health counselors) and advocates can also assist you without sharing information that could identify you. At SUNY Adirondack, this includes members of the Counseling Center (518-743-2278; frenchm@sunyacc.edu to schedule an appointment; Washington Hall). These individuals will report the nature, date, time and general location of an incident to SUNY Adirondack’s Title IX Coordinator, but will consult with you to ensure no personally identifying details are shared without your consent. These individuals are not considered confidential resources as discussed above.

III. PRIVACY VS. CONFIDENTIALITY

SUNY Adirondack offices and employees that cannot guarantee confidentiality will maintain your privacy to the greatest extent possible. The information you provide to a non-confidential resource will be relayed to the Title IX Coordinator or designee (who is responsible for tracking patterns and spotting systemic issues), and will be used only as necessary to investigate and/or seek a resolution. SUNY Adirondack will limit the disclosure as much as possible, even if the Title IX Coordinator determines that a request for confidentiality cannot be honored due to unsafe or discriminatory circumstances.

IV. REQUESTING CONFIDENTIALITY: HOW THE COLLEGE WILL WEIGHT THE REQUEST AND RESPOND

If you disclose an incident to a SUNY Adirondack employee who is responsible for responding to or reporting sexual violence or sexual harassment, but wish to maintain confidentiality or do not consent to the institution’s request to initiate an investigation, the Title IX Coordinator must weigh your request against our obligation to provide a safe, non-discriminatory environment for all members of our community, including you.

We will assist you with academic, housing, transportation, employment, and other reasonable and available accommodations regardless of your reporting choices. While reporting individuals may request accommodations through several college offices, the Title IX Coordinator (Lottie Jameson; 518-743-7741, jamesonl@sunyacc.edu, Scoville Hall Rm 326) can serve as a primary point of contact to assist with these measures. We also may take proactive steps, such as training or awareness efforts, to combat sexual violence in a general way that does not identify you or the situation you disclosed.

We may seek consent from you prior to conducting an investigation. You may decline to consent to an investigation, and that determination will be honored unless the College’s failure to act does not adequately mitigate the risk of harm to you or other members of the SUNY Adirondack community. Honoring your request for confidentiality may limit our ability to meaningfully investigate and pursue conduct action against an accused individual. If the College determines that we must move forward with an investigation, the reporting individual or victim/survivor will be notified and the College will take immediate action as necessary to protect and assist them.
When you disclose an incident to someone who is responsible for responding to and/or reporting sexual violence or sexual harassment but wish to maintain confidentiality, SUNY Adirondack will consider many factors to determine whether the College must proceed despite your request. These factors include, but are not limited to:

- Whether the accused has a history of violent behavior or is a repeat offender;
- Whether the incident represents escalation, such as a situation that previously involved sustained stalking;
- The increased risk that the accused will commit additional acts of violence;
- Whether the accused used a weapon or force;
- Whether the reporting individual is a minor; and
- Whether we possess other means to obtain evidence such as security footage; and
- Whether the report reveals a pattern of perception at a given location or by a particular group.

V. PUBLIC AWARENESS/ADVOCACY EVENTS

If you disclose a situation through a public awareness event such as “Take Back The Night,” candlelight vigils, protests, or other public event, the College is not obligated to begin an investigation. SUNY Adirondack may use the information you provide to inform additional education and prevention efforts.

VI. ANONYMOUS DISCLOSURE

- If a reporting individual wishes to keep his/her identity anonymous, he or she may call the Title IX Coordinator anonymously to discuss the situation and available options: Lottie Jameson, 518-743-7741.
- You may also call the New York State Hotline for Sexual Assault and Domestic Violence: 1-800-942-6906. Note that the Hotline is for crisis intervention, resources, and referrals and is not a mechanism for reporting an incident.

VII. INSTITUTIONAL CRIME REPORTING

Reports of certain crimes occurring in certain geographic locations will be included in the SUNY Adirondack Clery Act Annual Security Report in an anonymized manner that neither identifies the specifics of the crime nor the identity of the reporting individual and/or victim/survivor. You may contact the campus Title IX Coordinator at any time with questions about this reporting (Lottie Jameson, 518-743-7741, jamesonl@sunyacc.edu, Scoville Hall Rm 326). SUNY Adirondack is obligated to issue timely warnings of Clery Act crimes occurring within relevant geography that represent a serious or continuing threat to students and employees. (This is subject to exception when the warning could potentially compromise law enforcement efforts and/or when the warning itself could potentially identify the reporting individual and/or victim/survivor.) A reporting individual will never be identified in a timely warning.

The Family Educational Rights and Privacy Act (FERPA) allows the College the option to share information with parents when:

- There is a health or safety emergency; or
- When the student is a dependent on either parents’ prior year federal income tax return.

Generally, SUNY Adirondack will not share information about a report of sexual violence with parents without the permission of the reporting individual.

Student Onboarding and Ongoing Education

SUNY Adirondack believes that sexual violence prevention training and education cannot be accomplished via a single day or single method of training. To that end, SUNY Adirondack will continue to educate all new and current students using a variety of best practices aimed at educating the entire college community in a way that decreases violence and maintains a culture where sexual assault and acts of violence are not tolerated.
All new first-year and transfer students receive training on the following topics:

- SUNY Adirondack prohibits sexual harassment, including: sexual violence, domestic violence, dating violence, stalking, or other violence or threats of violence. The College will offer resources to any victims/survivors of such violence while taking administrative and conduct action regarding any accused individual within the jurisdiction of the institution;

- Relevant definitions, including but not limited to the definitions of sexual violence and consent;

- These policies apply equally to all students regardless of sexual orientation, gender identity, or gender expression;

- The role of the Title IX Coordinator, Campus Public Safety, and other relevant offices that address violence prevention and response;

- Awareness of violence, its impact on victims/survivors and their friends and family, and its long term impact;

- The Students’ Bill of Rights and the Sexual Violence Response Policy, including:
  - How to report sexual violence and other crimes confidentially, and/or to College officials, campus public safety, and local law enforcement; and
  - How to obtain services and support;

- Bystander intervention and the importance of taking action, when one can safely do so, to prevent violence;

- The protections of the Policy for Alcohol and/or Drug Use Amnesty in sexual and interpersonal violence cases;

- Risk assessment and reduction, including but not limited to steps that potential victims/survivors and potential assailants and bystanders to violence can take to lower the incidence of sexual violence; and

- Consequences and sanctions for individuals who commit these crimes.

SUNY Adirondack requires that student leaders and officers of registered/recognized student organizations, as well as those seeking recognition, complete training on domestic violence, dating violence, sexual assault or stalking prevention as part of the approval process. Additionally, SUNY Adirondack requires student-athletes to complete training in domestic violence, dating violence, sexual assault or stalking prior to participating in intercollegiate athletics.

For information about upcoming events regarding sexual violence prevention and awareness, please visit the Student Activities homepage.

**SEX OFFENDER REGISTRATION**

In Accordance with the “campus Sex Crimes Prevention Act” of 2000, which amends the Jacob Wetterling Crimes Against Children and Sexually Violent Offender Registration Act, The Jeanne Clery Act and Family Educational Rights and Privacy Act of 1974, the Office of Public Safety of SUNY Adirondack is providing a Link to the New York State Sex Offender Registry. This act requires institutions of higher education to issue a statement advising the campus community where law enforcement information provided by a State concerning registered sex offenders may be obtained. It also requires sex offenders already required to register in a State to provide notice to each institution of higher education in that State at which the person is employed, carries a vocation, or is a student. In the State of New York, convicted sex offenders must register with the New York State Department of Criminal Justice Services. The Sex Offender Registry is available via Internet. Registry information is provided is to be used for the purposes of the administration of criminal justice, screening of current or prospective employees, volunteers or otherwise for the protection of the public in general and children in particular. Unlawful use of information for purposes of intimidating or harassing another is prohibited and willful violation shall be punishable as a Class I misdemeanor.

MISSING STUDENT

Situations involving missing students have the potential to become very complex, involving multiple agencies, occasionally having tragic endings. SUNY Adirondack College is required by the Higher Education Act amended August 14, 2008, to establish protocol for students living in campus housing. The purpose of this policy is to provide guidelines for Campus Public Safety Department personnel responding to such incidents. Though outside resources can be requested to respond, the initial response burden will fall upon the Campus Public Safety Officers.

POLICY

A. A student will be considered missing, if the college receives a report that the student has not been seen in a reasonable amount of time. A reasonable amount of time may vary with the time of day and information available regarding the missing person’s daily schedule, habits, punctuality, and reliability. A reasonable amount of time will not exceed 24 hours. Individuals will also be considered missing immediately if their absence has occurred under circumstances that are suspicious or cause concerns for their safety.

B. The Warren County Sheriff’s Office is responsible for investigating reports of missing person(s). The Public Safety Office may assist the Sheriff’s Office by providing it with information on the missing person(s).

C. This policy pertains to all current students of SUNY Adirondack living in the Residence Hall.

DEFINITIONS

A. Missing Person – An individual whose whereabouts are unknown to the reporting party. A reporting party may be a:
   1. parent

If no answer, using the master key, unlock the door while announcing “Public Safety is there anyone here”? No entry will be made to the student’s room/apartment without at least one of the following present: a Resident Assistant, or Resident Director, another officer or another student. DRUG-FREE CAMPUS POLICY
(ALCOHOL AND CONTROLLED SUBSTANCES)

STATEMENT OF PURPOSE

SUNY Adirondack has a vital interest in insuring safe, healthful, and efficient conditions for all students, faculty, and staff and in helping each to become optimally contributing members of society. In addition, as a federal contractor (or grantee), it has a duty to safely and efficiently provide the public with quality education. The unlawful presence of controlled substances on the campus conflicts with these vital interests and constitutes a violation of the public trust. For these reasons, the College has established, as a condition of one’s enrollment/employment and continued enrollment/employment, the following drug-free campus policy.

EFFECTS AND SYMPTOMS OF OVERDOSE, WITHDRAWAL AND MISUSE OF ALCOHOL AND DRUGS

A description of alcohol and drug categories, their effects, symptoms of overdose, symptoms of withdrawal and indications of misuse can be found at the Drug Enforcement Administration of the U.S. Department of Justice website: www.dea.gov/drug-information.

ASSISTANCE IN MATTERS RELATED TO DRUG AND ALCOHOL ABUSE

SUNY Adirondack has a commitment to help students succeed academically, vocationally and socially. We can assist you with drug or alcohol related problems or can refer you to someone who can. Please see your advisor, a counselor or the Dean for Student Affairs if you wish to discuss a problem with drugs or alcohol. We can help you find assistance off-campus through individuals or agencies. Also, to help in maintaining an environment that does not permit the possession or use of illicit drugs and alcohol, SUNY Adirondack has established an awareness program to provide education for students, faculty and staff regarding the following aspects of the use of illicit drugs and alcohol: standards of conduct, disciplinary sanctions by the College, health risks, legal sanctions by local, state and federal laws and rehabilitation, counseling and re-entry. Such education may include (1) inclusion of this statement in the Student Handbook; (2) video tape and print materials made available to students in class, the Student Center and the Counseling Offices; (3) the distribution of lists of those agencies and individuals who can assist students in coping with drug and alcohol abuse problems.

This policy and program will be reviewed at least biennially by a representative committee of students and staff selected and chaired by the Dean for Student Affairs. The committee’s purpose will be to determine the program’s effectiveness and ensure that disciplinary sanctions are consistently enforced.

PROHIBITION AGAINST UNLAWFUL PRESENCE OF ILLICIT DRUGS AND ALCOHOL ON-CAMPUS

The possession, sale, manufacture or distribution of any controlled substance is illegal under both state and federal laws. Such laws are strictly enforced by the SUNY Adirondack Office of Public Safety. Violators are subject to College disciplinary action, criminal prosecution, fine and imprisonment. It is unlawful to sell, furnish or provide alcohol to a person under the age of 21. The possession of alcohol by anyone less than 21 years of age in a public place or a place open to the public is illegal. It is also a violation of the SUNY Adirondack Alcohol Policy for anyone to consume, possess, or be in the presence of alcohol in any public or private area of campus without prior College approval. Individuals, organizations or groups violating alcohol/substance policies or laws may be subject to sanctions.
COLLEGE SANCTIONS FOR VIOLATION OF DRUG-FREE CAMPUS POLICY
Any student/employee who violates the foregoing drug-free campus policy shall, subject to provisions of the College’s Code of Conduct found in the Student Handbook or applicable employee contracts, be subject to disciplinary procedures consistent with applicable laws, rules and regulations. These sanctions may include expulsion, termination of on-campus employment, referral for prosecution, or participation in an approved drug or alcohol assistance program.

LEGAL SANCTIONS IMPOSED FOR ILLICIT DRUG AND ALCOHOL ABUSE

CRIME PREVENTION TIPS FOR STUDENTS AND EMPLOYEES

SUSPICIOUS PERSON

A suspicious person is an individual who should be reported to the College by any member of the campus community. Act on your intuition, if the person does not seem to “fit” into the environment, (s) he may not belong on campus. Based on your information, a crime may be prevented.

The following are examples of what may constitute a suspicious person.

• Walking around as if they are lost or looking things over.
• Acting strange as if they are guilty of something.
• Appear scared, nervous or anxious.
• Asking for directions to student’s rooms, faculty or staff offices, etc.
• More concerned with who is around them than what they are working on or looking for.
• Refusing help if you offer to assist them.
• Looking in windows or open doors.
• Tampering with locks on windows, doors, vehicles, bicycles, etc.
• Entering rooms, offices, labs, with no apparent business to transact.
• Soliciting, asking for donations, etc.
• Carrying items such as college property, knives, guns, crowbars, screwdrivers, etc.

When reporting a suspicious person, provide descriptors such as:

• What they are wearing and the color of their clothing. Their physical appearance such as skin color, hair color and style, height (tall or short), weight (thin or heavy).
• Distinguishing features such as scars, beards, mustaches, etc.
• Direction of travel and mode of travel such as walking or driving…include a description of their vehicle (color, license plates, type).

Never expose yourself to any danger by following or approaching the person. Remember the above descriptions and report it to the Security duty officer, or the closest employee of the college.

SUSPICIOUS ACTIVITIES

Suspicious activities and/or findings should be reported to the Office of Public Safety or any employee of the college at the time of discovery.

Suspicious activities include:

• Sound of breaking glass.
• Finding a broken window.
• Hearing screams.
• A vehicle continually driving in the same area of campus.
• Groups of people or individuals who you suspect of being under the influence of drugs or alcohol, disturbing the peace, causing property damage or rioting.
• Smoke coming from buildings, vehicles, etc.
• Finding a syringe, knife, gun or other dangerous items.
• Observing individuals with drugs or alcohol on campus or using drugs or alcohol on campus.
• Observing drugs or drug paraphernalia or being used or sold.
• Sound of gunshots or anything that sounds like gunshots.
• Any activity that you feel is out of the ordinary or suspicious.
PROTECTING YOURSELF

Protecting yourself does not end at the College property line. It is important that you are just as aware of your surroundings on campus as you are off. Although the crime rate on campus and the surrounding community is low, there is always the potential for something to happen. The Office of Public Safety takes pride in providing the safest educational and living environment that it can. It is important that the students also take this same level of pride and ownership to maintain their own personal safety.

PLAN AHEAD FOR PERSONAL PROTECTION

• Be alert! Know your surroundings and be aware of who is in front of and behind you.
• Be aware of who is standing around watching you or who may look suspicious to you.
• Do not take shortcuts through parks, tunnels, parking lots and alleys if you are alone or if they are known to be problem areas.
• If possible, do not carry a purse. If you must, keep your money and credit cards in a pocket or some other place. You might consider a fanny pack positioned in front of you as opposed to the side.
• Carry as little cash as possible. Walk on highly traveled streets and at night travel only in well-lit areas. If possible, walk in groups; remember there is safety in numbers.
• Carry your keys in your hand, with the proper key ready, as you approach your home so you do not have to fumble for them outside your door. If someone attacks, do not resist unless you feel your life is in danger and you believe it is in your best interest.

ESCORT SERVICE PROGRAM

An escort service is provided by Public Safety for the protection of individuals as they travel within the campus. Contact the duty officer at extension SAFE (7233) from on campus, or telephone 518-743-7233 (SAFE) from an off-campus telephone.

RESIDENCE QUARTERS

Whether you live in the residence hall or off campus please remember:

• Have your house/room keys in your hand and the proper key ready to unlock the door prior to your arrival at the door. If you believe you are being followed or watched, go to a friends or neighbors.
• When you enter your house/room, lock the door behind you.
• Be sensible with your keys. Do not leave them outside or in hiding places.
• Shut and lock your windows when you are not home or sleeping.
• Know your neighbors and which ones you can trust in an emergency.
• Know who is at the door before opening it.
• Demand identification from anyone you do not know, especially sales and repair persons.
• If a stranger requests the use of your phone to call for help, offer to place the call for him/her without letting them into your home.
• If you live off campus, use only your first initials on your mailbox and telephone directories.
• Do not prop a door open for someone who does not belong in the building.
• Never let anyone wait alone in your room for your roommates return.
• Keep emergency numbers handy.
• Never loan your keys to anyone.
DRIVING

• Keep doors and windows locked.
• If you feel threatened, sound the horn and drive away.
• If you are followed to your driveway or onto campus, do not leave your car; continue driving to a service station or other open public space.
• If your car breaks down raise the hood, then stay inside with the doors locked and windows up until legitimate help arrives. If someone stops to help, do not open your window or door. Ask the person to call for help.
• If you see someone in trouble, go for help instead of stopping.
• Do not pick up hitchhikers.

PARKING

Consider it will be dark when you return to your car and select a parking place that will be well lighted and not deserted.

• Check for loiterers before leaving and returning to your car.
• Remove keys from the ignition when you leave your car, even for a few minutes.
• Lock your car doors.
• Have keys ready when returning to your car.
• Check the back seat before getting in the vehicle.

WALKING OR RUNNING

• Walk with someone else. Two is good, but three or more is better.
• Be alert, observant and aware of your surroundings and any other people on the street with you.
• Never assume a parked car is empty.
• Listen for footsteps or voices.
• Plan your route before you go out and know where to find emergency telephones.
• Avoid dark or deserted streets, alleys, parking lots, parks, cemetery grounds, or areas known to have crime issues.
• Conceal jewelry.
• If you carry a purse, briefcase, or backpack, keep only a small amount of cash in it.
• Carry your keys, your identification and anything else of value concealed on your person.
• Write down or leave word of your route, time leaving and returning.
• Do not use headphones. Use your hearing to be aware of your surroundings.
• Wear reflective material if you are walking or running before dawn or after dark.

PROTECTING YOUR PROPERTY

The majority of all thefts occur in unlocked areas where valuables are left unattended and the thief thinks there is a minimal chance of being caught. To reduce the chances of a theft occurring make sure to keep your items locked when not in use, out of sight, and/or in your possession.

GENERAL GUIDELINES

• Record serial numbers, brand names and descriptions of valuable items.
• Take photos if possible. Never leave your wallet, purse or prescription medications lying out in the open. Keep it locked up or out of sight.
• When leaving your room remove all valuables from the top of your dresser and desk. Make sure windows are shut and locked.
• Avoid leaving notes on your door stating you are out and for how long.
• Report missing room keys to your Resident Assistant immediately.
TEXTBOOKS AND LAPTOPS
- If you leave your textbooks or laptop in your car, leave your car locked.
- Never leave your textbooks or laptop unattended in a public area, even if only for a minute.
- If you own a backpack, store your books and computer in it and carry it with you at all times.
- Write your name or a code number/word you can remember on a page somewhere inside the book. This will help you identify your item if found.

AUTOMOBILES
- Lock doors and close all windows tightly each time you leave your car.
- Lock your portable valuables out of sight inside the automobile trunk or carry them with you.
- Be aware of anyone suspiciously tampering with or looking into motor vehicles.
- Be aware of persons hanging around the parking lots.
- Be aware of persons quickly walking away from parked vehicles when they see you approaching.
- At night, park in well-lighted areas where traffic flow by pedestrians and autos is frequent.

NIGHTLIFE
Alcohol is by far the most common substance involved in sexual assaults. However, there is other less common but available substances, including Rohypnol, GHB and Ketamine, which have recently received media attention in North America for their abilities to impair individuals so they cannot adequately defend themselves. In the majority of incidents, these substances are dropped into the alcoholic beverages of unsuspecting victims. We recommend you educate yourself about these drugs and the common risk reduction strategies.
- Be observant of your surroundings.
- Drink from tamper-proof bottles or cans. Do not drink from a punch bowl.
- Do not ask someone to watch your drink while you dance, go to the bathroom, etc. Take it with you or finish it first.
- Watch while your beverage is prepared. Do not accept drinks from anyone if you did not see it being prepared.
- Keep your hand over your beverage when possible.
- Use the buddy system and take your friends.

Nightlife tips
- Do not accept a ride from anyone who has been drinking.
- Do not accept a ride from anyone you do not know.
- Carry with you enough money for a taxi.
- Tell an employee of the club if you are being harassed or if there are any suspicious individuals.
- Arrange a deal with a friend to watch out for each other and to leave together in a group.
THREATENING - HARASSING - OBSCENE TELEPHONE CALLS

If you are the recipient of a threatening, harassing or obscene telephone call, try to remain calm.

- Hang up immediately. If you stay on the line or express emotion, you will only feed the callers’ obsession. If the calls persist, report it immediately to the duty officer, on-duty Resident Dean, or other employee of the College.
- If you are off campus and the calls persist, call local law enforcement.
- If any of the calls are recorded on your voice-mail or answering machine, do not erase the message.
- In order to assist the law enforcement agency keep a written record including the following information:
  - Date and time of the call.
  - Exact conversation or action, no matter how embarrassing.
  - Description of voice: gender, tone, age group, dialect, style of enunciation, overall tone, or other distinctive qualities.
  - Description of background noises.

ANNUAL FIRE SAFETY REPORT
YEAR 2019

FIRE SYSTEM INFORMATION SPECIFICALLY FOR STUDENT HOUSING

Section 6438 of New York State Education Law requires notification of fire safety standards and measures in all college-owned or college operated housing. To facilitate compliance the following information is provided:

SUNY Adirondack’s Student Housing facility has an automatic sprinkler system of piping and appurtenances designed and installed in accordance with generally accepted standards so that heat from a fire will automatically cause water to be discharged over the fire area to extinguish it or prevent its further spread.

The Student Housing Facility also has a fire safety system which includes automatic fire detection devices (smoke alarms, heat detectors) installed throughout the building and is monitored 24/7 for any activation. Devices that alert one to the presence of a fire such as horns, bells, strobe lights are also installed throughout the building. All systems are installed in accordance with generally accepted practices.

Note: The Federal Register, page 55912 states: “To clarify, any student housing facility that is owned or controlled by the institution, or is located on property that is owned or controlled by the institution, and is within the reasonably contiguous geographic area that makes up the campus is considered an on-campus student housing facility.”

The Office of Public Safety works closely with the Facilities and Residence Life staffs at SUNY Adirondack to develop and submit an annual fire safety report. This data is shared with the New York State Office of Fire Protection and Control (OFPC) for their review and comments.
The information in the Annual Fire Safety Report describes the overall organization and management of the fire safety activities in the one Residence Hall on campus.

**FIRE PROCEDURES**

Fires can occur in any building on campus. Every building is equipped with various levels of fire protection equipment including audible and/or visual devices. Most buildings on campus, especially the residential living spaces, are tied into a monitoring system that automatically notifies the local fire department.

If you discover or suspect a fire:

- Activate the building fire alarm system. Each building as pull-stations located at the exterior doors.
- Notify occupants of the building of the fire on your way out of the building.
- Do not attempt rescue efforts if it puts your own life in jeopardy.
- Contact the Safety and Security duty officer relaying what information you have.
- Move to a safe location away from the building.

FIRE SAFETY INSPECTIONS

Fire safety inspections will occur at sporadic times throughout the semester by the Residence Life staff. The purpose is to educate students about how the condition of the suite could be a threat to the safety of themselves and others. Corrections will be mandated, with failure to make corrections considered a violation of the housing license.

The following are prohibited in and around the college operated residence halls:

• The use of multi-outlet plugs is prohibited, except for those with built-in surge protectors.
• Disconnecting or covering smoke/heat detectors in the rooms.
• Burning of candles or incense, any flame emitting article. Candles may be used as decoration only if the wick has never been lit.
• Microwave ovens larger than 900 watts.
• Hot pots.
• Space heaters.
• Halogen lights.
• Air conditioning equipment.
• Multi-arm floor lamps.
• Refrigerators (except those validated by the residence hall staff).
• Smoking -Smoking is prohibited on the Campus of SUNY Adirondack. Our smoking policy is in accordance with all SUNY guidelines. Breaches of College Smoking Policy will be dealt with as appropriate and if necessary through the formal disciplinary process.

Coffee makers, toasters, toaster ovens and other cooking devices are to be used in the kitchenette are only.

Residence Life is fined for repeated fire code violations. These fines will be charged to students who are notified of such violations and do not remove them immediately.

FALSE REPORTING OF A FIRE

False reporting of a fire by pulling a fire alarm, tampering with fire equipment, or otherwise causing the system to go into alarm is a crime. Any person caught causing an alarm in this manner will be removed from the residence hall and will be arrested and face prosecution.

EVACUATING STUDENT HOUSING RESIDENTS

Campus building evacuations are initiated when it is no longer safe for occupants to remain within the building. The campus fire alarm systems are a very important and effective means of alerting people to safely evacuate Residence Halls during an emergency.

After fire alarms are activated, all residents must evacuate. Failure to evacuate will result in disciplinary action. Exit the building using the stairs, elevators should not be used. Residents should move to one of the two designated assembly points (south parking lot or east parking lot) and remain at a safe distance, at least 100 feet from the building until a signal to reenter has been given by Public Safety or Resident Assistants/Resident Directors.

Resident Assistants that are on duty, should, if possible, remember to take the Duty Keys with them when exiting the building. Resident Assistants are expected to respond to any requests from Public Safety and Queensbury Central Fire Department. Resident Assistants are not expected to fight the fire or linger in the building. They are to evacuate the building immediately.

Once outside, Resident Assistants are required to check to see if building occupants evacuated and are to assess how many students are present in case Public Safety or the fire department requests that information.

Based on the number of Resident Assistants available, they should walk the perimeter of the building and notify Public Safety or the fire department of any students that are in the building.
FACULTY/STAFF/VISITORS
When a fire alarm sounds, building occupants must quickly proceed to the nearest exit designated by an exit sign. If possible, faculty/staff should close doors and windows and turn off lights as the last person leaves a room or area.

If exits/stairwells are not clear or safe, occupants must go to the next closest exit/stairway. Stairwells are an important means of exiting multistory buildings; therefore, fire doors should be kept closed. Elevators should not be used. Many elevators are programmed to shut down during a fire alarm. People who walk slowly or need assistance should walk to the right side of stairwells to prevent impeding other people from exiting a building.

Once outside, gather at a predetermined assembly area at least 100 feet away (south and east parking lots), so Emergency Personnel have clear access to the building. The designated areas should be communicated by the faculty instructor, staff member, and/or building contacts. Try to account for the people in your work/class areas to ensure all occupants have left the building. Never reenter a building without instructions from Public Safety or Residence Life staff.

FIRE SAFETY EDUCATION AND TRAINING
Residence Hall staff and students are expected to familiarize themselves with the evacuation plan for the buildings they occupy including the identified assembly places. In the residence hall, students are instructed at the opening and floor/wing meetings on evacuation procedures. Programs are also presented in residence halls on various safety issues including fire safety.

Students are reminded about fire evacuation procedures during hall meetings or after problems occur during fire drills and accidental activations of the alarm.

Work requests are submitted to address items that require corrective action. Student rooms are inspected during Thanksgiving, winter and spring break. Unannounced room inspections occur throughout the year.

Incidentals such as misuse of extension cords, candles, and small appliances without automatic shut-off devices are scrutinized. Any prohibited item found during an inspection is confiscated and-in some instances students shall be referred to the judicial process.

SUNY Adirondack staff and Queensbury Central Fire Department personnel perform annual fire safety training in the building.

NON-EMERGENCY REPORTING
In accordance with federal law, SUNY Adirondack is required to annually disclose statistical data on all fires that occur in on-campus student housing facilities. Listed below are the non-emergency numbers to call to report fires that have already been extinguished in on-campus student housing. These are fires for which you are unsure whether the Public Safety Office may already be aware. CODE OF CONDUCT

The Code of Conduct exists as a means to protect the rights of all students and faculty while also holding individual members to the same standards of respect, courtesy, integrity and responsibility. It is in the best interest of all students to review their rights and responsibilities as laid out in the following document. In the event of a violation, students have the right to due process as defined within the code of conduct.

SUNY Adirondack recognizes that its chief responsibility to the community is education. Our Code of Conduct is designed to facilitate an awareness of this community context and to provide meaning to all our lives. Education is primary, as it should be within any educational institution. The Code provides for fair due process, and emphasizes the issuance of sanctions that are positive. Behaviors which interfere with the ongoing daily educational purposes of the college may require intervention and/or disciplinary action. With this in mind, we as a community believe that students enrolling at SUNY Adirondack assume an obligation to conduct themselves in a manner compatible with the functions of the college as an educational institution. While college may present certain stressful situations, it is expected that students will be able to maintain an adequate level of self-control.

The College Code of Conduct expects that all students will conduct themselves as responsible members of society as defined by this Code. It intends to educate individuals regarding the nature of communities and provide opportunities to learn and express positive behavior within those larger contexts. In addition, students and student organizations should always be free to support causes by orderly means which do not disrupt the regular and essential operation of the institution. Nevertheless, in any demonstrations or public expressions of opinion, students or student organizations speak only for themselves.

1. Code of Conduct infractions include violations of any federal, state, or local law, where, in the judgment of the College, the person charged endangers the property or threatens the personal safety of an individual and/or the academic community. It is the intent of the College to leave disciplinary action with respect to off-campus offenses of students to the proper authorities. It must be noted, however, that there are certain off-campus offenses that by their very nature pose a serious threat to the College community. In such cases, the College reserves the right to take appropriate action.
Infractions of Residence Hall Community Expectations and Standards are defined in the ADIRONDACK HOUSING ASSOCIATION, LLC (AHA) Handbook. It should be noted that a violation of the Community Standards may also be a violation of the College Code of Conduct and students may be held accountable both by the AHA and the College for their actions in the Residence Halls depending on the level of offense.

Disciplinary measures may be taken for the following reasons: (Note, however, these do not cover every single circumstance when disciplinary measures will be enacted. In general, any act that infringes upon the rights of others or that adversely affects the College is prohibited.)

An effort will be made to agree on appropriate action where warranted.

C. Within five working days of a formal meeting, the Associate Vice President for Academic Affairs (in the case of academic/classroom violations), or the Dean for Student Affairs (for all other violations) will either determine there was no violation of the Code of Conduct or take appropriate action and provide notice to the student in electronic or written format. Any transcript notation will be in accordance with college transcript notation policy.

A student is placed on Disciplinary Probation through graduation and subsequent violations will likely call into question the status of the student at the College.

7. **Suspension**: student may be suspended for a period up to two years. Suspension can include, but is not limited to, suspension from class, activities, and campus as a whole. During suspension from class or campus, grades of “AW” or “F” will be determined by the Dean for Student Affairs or Associate Vice President for Academic Affairs and instructors; student must request permission of the Associate Vice President for Academic Affairs or the Dean for Student Affairs imposing the sanction to re-enroll; the Associate Vice President for Academic Affairs or Dean for Student Affairs may set terms for re-enrollment. F. When either the Dean for Student Affairs or the Associate for Academic Affairs makes a determination that a conduct violation occurred, and the action taken results in removal from courses, a grade of “AW” or “F” will be applied as of the date of the determination. When applicable a transcript notation will also be made as of the date of the determination.

G. Removal from courses and/or housing does not release a student from their financial obligations to SUNY Adirondack. In addition, removal does not allow for any refund of charges.
IV. Student Disciplinary Review Board ("Review Board")

A. The Review Board shall consist of three students, three full-time faculty members, and the Vice President for Academic Affairs or his/her designee (in the case of academic violations) or the Vice President for Enrollment and Student Affairs (for all other violations) or his/her designee. The chairperson of the Review Board will be the Vice-President or the designee. The Associate Vice President for Academic Affairs or the Dean for Student Affairs bringing forth the appeal will attend hearings as a non-voting member. Action of the Review Board shall be determined by a simple majority vote and the board shall follow the latest edition of Robert’s Rules of Order.

B. The Review Board will be impartial, and no member will be either a witness against the student or a person previously involved in formulating the charge.

V. Procedure for Hearing before the Review Board

   3. to examine witnesses and evidence against the student.
   4. to remain silent without assumption of guilt.

C. An appeal is the process to request a review of the original student conduct outcome. The Referred Party has the right to submit one application for appeal. An appeal does not rehear a student conduct case, but rather determines if the conclusion reached in the original case is valid based on substantiation of a procedural error, new evidence, or the severity of the sanction.

   1. An application for appeal must be submitted electronically within seven calendar days of receiving the decision letter via campus e-mail. Instructions on how to file an application for appeal are provided in the decision letter. Applications for appeal may not be submitted by a third party.

   2. Applications for appeal are reviewed by the Vice President for Enrollment and Student Affairs or his/her designee to determine if the appeal is timely and meets the grounds for appeal. The original decision will stand if the appeal is not timely or does not meet the grounds for appeal, and the decision is final.

   3. If the application is timely and meets the grounds, the appeal will be reviewed based on the preponderance of evidence standard.

   4. Appeal outcomes are determined based on the Referred Party’s approved written application for appeal and the rationale of the original student conduct review.

   5. A written notification of the appeal decision will be made and the decision is final.

D. The Review Board shall examine all relevant facts and circumstances without regard to the technical rules of evidence.

E. A transcript will be kept to enable review of the proceedings. This will be kept by the Office of the Vice-President chairing the hearing.

F. The student shall be allowed to appear with a campus advocate of his/her choice if they choose. The advocate will be a member of the College’s faculty or staff, and is not permitted to speak (except to the student) during the hearing.

G. If the student does not appear, the action determined by the Associate Vice President for Academic Affairs or Dean for Student Affairs bringing forth the charges shall be implemented.

H. The student will have a full opportunity to question witnesses who appear against him/her at the hearing. During the hearing the student will have the opportunity to make statements in response to written statements submitted against him/her.
I. The student shall have the right to summon witnesses to support his/her position, but such witnesses may be interviewed in advance of the hearing by either the Associate Vice President for Academic Affairs or the Dean for Student Affairs and/or the Chairperson of the Review Board.

J. The decision of the Review Board concerning the current sanction shall be in electronic or written format and submitted to the student within ten days of the hearing. It shall be based solely on evidence given in the hearing and shall constitute a decision which will be final.

VI. Extensions
All deadlines and time requirements in the Code may be extended for good cause as determined by the Associate Vice President for Academic Affairs or Dean for Student Affairs. Both the respondent and complainant will be notified in writing of the delay, the reason for the delay, and provided the date of the new deadline or event. Extensions requested by one party will not be longer than five (5) business days.

VII. Burden of Proof
The burden of proof in all alleged Code of Conduct violations (including domestic violence, dating violence, sexual assault and stalking) is “the preponderance of the evidence”—whether it is “more likely than not” that the violation occurred. If the evidence presented meets this standard, then the respondent will be found responsible.

VIII. Disciplinary Procedures Specific to Cases of Alleged Domestic Violence, Dating Violence, Sexual Assault, Sexual Harassment and Stalking
A. In addition to those policies listed above, the following disciplinary procedures will apply in all cases where incidents of domestic violence, dating violence, sexual assault, sexual harassment or stalking are reported. Reported incidents of domestic violence, dating violence, sexual assault, sexual harassment and stalking will be investigated and adjudicated in a prompt, fair, and transparent manner consistent with SUNY Adirondack’s Code of Conduct policies.

B. Time Frames for Case Review Process
a. SUNY Adirondack will conduct a timely review of all reports of domestic violence, dating violence, sexual assault and stalking. Absent extenuating circumstances, review and resolution are expected to take place within sixty (60) calendar days of receiving a report.

b. If a student engages the Campus Conduct Process, any outcomes and/or sanctions related to the reported incident are typically issued within five (5) business days of a formal hearing.

c. An appeal of the outcomes and/or sanctions by either party must be submitted to the Dean for Student Affairs in writing within seven (7) business days of receiving notification of the outcomes. Appeals are heard by the Student Disciplinary Review Board (see Sections IV-V) and, absent extenuating circumstances, decisions on appeals are typically issued within ten (10) business days of a hearing before the Board.

C. Evidence
1. Reported incidents of domestic violence, dating violence, sexual assault, sexual harassment or stalking will be investigated by campus personnel who receive annual training on such issues, including the Title IX Coordinator, Public Safety Officials, the Dean for Student Affairs, and the Associate Vice President of Human Resources.

2. Evidence presented by the reporting individual(s) and the accused person(s) for any hearing on domestic violence, dating violence, sexual assault, sexual harassment or stalking must be submitted to the Dean for Student Affairs at least two (2) business days in advance of the scheduled hearing so the opposing party may have adequate time to review said evidence.

3. The Dean for Student Affairs or their designee hearing the case may exclude evidence that has not been shared or adjourn the hearing to afford all parties the opportunity to review any evidence to be presented during the hearing.
4. The Dean for Student Affairs or their designee hearing the case will make the final decision regarding admissibility of all evidence.

5. Parties’ Right to Advisors in Cases Involving Domestic Violence, Dating Violence, Sexual Assault, Sexual Harassment or Stalking
   i. Both the reporting individual and the accused person may be accompanied by an advisor of their choice who may assist and advise them through the conduct process and any related hearings or meetings.
   
   ii. Advisors may speak with their respective advisees during hearings and/or meetings, and advisees may request a brief recess from the hearing to consult with their advisor. However, advisors may not participate in the hearing or meeting process, i.e. by asking questions directly to College officials, attempting to present evidence, or speaking on behalf of their advisee.
   
   iii. Any advisor who does not abide these instructions will be asked to leave at the discretion of the Dean for Student Affairs.

D. Hearings
   Both parties are allowed to attend all hearings to present their case (although the reporting individual is not required to attend). Parties can question one another through the hearing officer. Hearing officer has the ability to determine if the question is valid to ask, not ask or modify.

E. Notification of Findings
   In cases of sexual misconduct, including violations involving domestic violence, dating violence, sexual assault, sexual harassment and stalking, both the reporting individual and the accused person will receive simultaneous written notice of results within five (5) business days of a formal hearing. The notice will include:
   1. Finding of responsibility;
   2. What sanctions (if any) have been imposed;
   3. Rationale for the result and the sanctions;
   4. Notice of the College’s appeal process;
   5. When the results become final; and
   6. Any changes that may occur to the results before that time.

F. Protective Accommodations
   The College is committed to ensuring the safety and well-being of reporting individuals. Following an allegation of sexual misconduct, including but not limited to domestic violence, dating violence, sexual assault or stalking, a student may request certain protective accommodations and interim safety measures. The College will work with students to meet individual requests with appropriate and reasonable accommodations as available. Possible requests include:
   1. Change in academic schedule;
   2. Access to academic support such as tutoring services;
   3. The ability to withdraw from or retake a class without penalty;
   4. Relocation of assigned campus residence;
   5. Change in transportation and/or work schedules;
   6. Scheduled time for use of public facilities (Fitness Center, Dining Hall, etc.).

While we will work to mitigate the impact of these measures on both parties, it is our obligation to minimize the burden placed on the reporting individual and the College will therefore endeavor to the extent practicable to change the schedule or accommodations of the accused person prior to changing the accommodations of the reporting individual.
G. Interim Measures

In situations where it is necessary, the College will take immediate steps to protect reporting individuals pending the final outcome of an investigation and/or hearing. These steps include the accommodations listed above, as well as issuing No Contact Orders, temporary suspension from the College and/or Residence Hall, and denied access to the campus. Please refer to the Code of Conduct for disciplinary procedures related to acts of sexual misconduct, especially those specific to reports of domestic violence, dating violence, sexual assault and stalking. Interim measures may be deemed permanent by the Dean for Student Affairs following a formal hearing and a finding of responsibility.

Both the accused/respondent and reporting individual may request a prompt review, reasonable under the circumstances and consistent with SUNY Adirondack policies and procedures, of the need for and terms of any interim measure and accommodation that directly affects him or her; parties may submit evidence in support of their request. While reporting individuals may request accommodations through any of the offices referenced in this policy, the Title IX Coordinator or Deputy Title IX Coordinator can serve as a point to assist with these measures.

H. Possible Sanctions for a Finding of Responsibility in Cases Involving Domestic Violence, Dating Violence, Sexual Assault, Sexual Harassment and Stalking

SUNY Adirondack considers domestic violence, dating violence, sexual assault, sexual harassment and stalking to be extremely serious violations of our Code of Conduct. In cases where an accused individual is found responsible, s/he may be subject to suspension or dismissal from the College.

Per New York State legislation (129-B), when Code of Conduct violations involve incidents of violence that meet the reporting requirements for the Clery Act (including but not limited to domestic violence, dating violence, sexual assault and stalking), a transcript notation will be issued to any student suspended or dismissed from the College after a finding of responsibility, as well as to any student who withdraws from the institution with such conduct charges pending. The full Transcript Notation Policy can be found at: http://catalog.sunyacc.edu/content/transcript-notation-policy.

I. Retaliation

1. No member of the SUNY Adirondack community may retaliate against, intimidate, threaten, coerce or otherwise discriminate against persons involved in a sexual misconduct investigation and/or disciplinary proceeding, including the reporting individual, the accused person, and/or any witnesses.

2. Both the reporting individual and the accused person have the right to choose whether to disclose or discuss the outcome of a conduct hearing. However, it should be noted that this does not allow students to unreasonably share private information in a manner intended to harm or embarrass anther individual, or in a manner that would recklessly do so regardless of intention. Such sharing may be retaliation, which can result in separate charges under the Code of Conduct.

3. If you feel you have experienced retaliation related to an incident of sexual misconduct, please contact the campus Title IX Coordinator or Deputy Title IX Coordinator.

J. Policy for Alcohol and/or Drug Amnesty in Cases of Sexual and Interpersonal Violence

The health and safety of every student at the State University of New York and its state-operated and community colleges is of utmost importance. SUNY Adirondack recognizes that students who have been drinking and/or using drugs (whether such use is voluntary or involuntary) at the time that an incident of violence (including but not limited to domestic violence, dating violence, stalking or sexual assault) occurs may be hesitant to report such incidents due to fear of potential consequences related to their conduct. SUNY Adirondack strongly encourages students to report any incidents of sexual or interpersonal violence to campus officials. A bystander or reporting individual (including but not limited to the victim of violence) acting in good faith that discloses any incident of sexual or interpersonal violence to SUNY Adirondack officials or local
law enforcement will not be subject to SUNY Adirondack Code of Conduct action for violations of alcohol and/or drug use policies occurring at or near the time that the violence was committed.

Please note that this amnesty specifically covers SUNY Adirondack Code of Conduct actions of a disciplinary nature. It does not limit the College from seeking help for a student who is struggling with alcohol or drug addiction or who is otherwise in danger. Additionally:

This amnesty is unrelated to off-campus adjudication such as criminal prosecution or arrest by law enforcement.

This amnesty is available for alcohol and/or drug use by individuals. Dealers and distributors are not shielded from adjudication, nor are those who drug others without their knowledge.

For those in a clinical or similar setting wherein external laws, policies, or accreditation requirements require removal or restrictions for those using drugs or alcohol, this policy does not specifically limit those actions

**CAMPUS POLICIES AND PROCEDURES**

**BULLETIN BOARD POSTING POLICY**

The following rules and regulations apply to fliers, posters, brochures, notices, etc. from on-campus and off-campus populations. These rules do not apply to class project displays.

1. All items to be posted must be approved and stamped by the Student Engagement & Diversity Office. Items which are not stamped will be taken down.

2. Postings are confined to bulletin boards and “hang-it” spaces only. There is absolutely no posting on glass surfaces (including classroom/building doors and windows), stairwells, classrooms, or interior/exterior walls. Please note the limit of one poster per event per bulletin board.

3. The typical time limit for postings is two weeks. Special arrangements may be made through the Student Engagement & Diversity Office for extended time. All postings must be dated and will be removed once the date has expired. Advertisements for special events should be removed immediately following the event.

For questions or concerns regarding this policy, please contact the Student Engagement & Diversity Initiatives Office at (518) 743-2251.

**DISTRIBUTION OF MATERIALS ON CAMPUS**

SUNY Adirondack encourages expressions of free speech and permits the distribution of printed material for non-commercial purposes by the general community in a manner, which does not compete with the ongoing programs or regular business of the College and is in accordance with College policy. Individuals, organizations, or groups must comply with the College Code of Conduct, found in this handbook. Individuals, organizations, or groups who interfere in or compete with ongoing programs or regular business of the College while distributing such material may be charged with an infraction of the appropriate section of the Code of Conduct.

Any individual, organization, or group desiring to distribute such printed material at the College must obtain advance approval from the Director of Student Engagement & Diversity. Approval to distribute printed material will not be based on the content of the printed material. Approval is required only to assure non-interference with the ongoing programs or regular business of the College. The College does not assume any obligation or responsibility for the content of materials distributed. Any denial of the distribution of printed material may be appealed to the Dean for Student Affairs within fifteen (15) days of the denial. The College reminds any individual, organization, or group so distributing materials to be aware of current laws regarding libel, defamation, obscenity, fair labor relations, and other applicable laws. Acceptance of monetary donations for such material is prohibited.
STATEMENT OF NON-DISCRIMINATION & EQUAL OPPORTUNITY

SUNY Adirondack is committed to fostering a diverse community of outstanding employees and students, as well as ensuring equal educational opportunity, employment, and access to services, programs and activities, without regard to an individual’s race, color, national origin, religion, creed, age, disability, sex, gender identity, sexual orientation, familial status, pregnancy, predisposing genetic characteristics, military status, domestic violence victim status, or criminal conviction. Employees, students, applicants or other members of the SUNY Adirondack Community (including but not limited to vendors, visitors, and guests) may not be subjected to harassment that is prohibited by law, or treated adversely or retaliated against based upon a protected characteristic.

The College’s policy is in accordance with federal and state laws and regulations prohibiting discrimination and harassment. These laws include the Americans with Disabilities Act (ADA), Section 504 of the Rehabilitation Act of 1973, Title IX of the Education Amendments of 1972, Title VII of the Civil Rights Act of 1964 as Amended by the Equal Employment Opportunity Act of 1972, and the New York State Human Rights Law. These laws prohibit discrimination and harassment, including sexual harassment and sexual violence.

Inquiries regarding the application of other laws, regulations and policies prohibiting discrimination may be directed to Mindy Wilson, Associate Vice President of Human Resources, Warren Hall, at wilsonm@sunyacc.edu, or by calling 518.743.2252. Inquiries may also be directed to the United States Department of Education’s Office for Civil Rights, 32 Old Slip 26th Floor, New York, NY 10005-2500, at ocr.newyork@ed.gov, or by calling 646.428.3800.

HAZING

SUNY Adirondack welcomes and encourages all students to become involved in the many clubs, organizations, and sports that are offered. One’s development is enhanced not only in the classroom, but outside as well. Mutual respect of others is part of this process.

As defined by New York State Law, any individual(s) who harass and thereby endanger the mental and physical health of another, and/or force consumption of alcohol or drugs for the purpose of initiation, shall be in violation of the SUNY Adirondack Student Code of Conduct. This rule includes all clubs, athletic teams, and any groups recognized by the College. Further, any student who knowingly withholds such information will likewise be subject to a violation of the SUNY Adirondack Student Code.

HIPAA COMPLIANCE

The U.S. Department of Health and Human Services has released new privacy standards which prohibit the release of individually identifiable health information. These standards, which are part of the Health Insurance Portability and Accountability Act of 1996 (HIPAA), legally require entities to safeguard any protected health information that they hold. To be in compliance with these standards, each entity that holds medical information must provide each individual on whom they have such documentation with a Notice of Privacy Practices. This notice describes to you how medical information about you may be used and disclosed, as well as how you may gain access to your medical information that the College has on file. In addition, this notice also describes the rights that you have with regard to your protected health information. You may view the Notice of Privacy Practices by visiting SUNY Adirondack’s web page at www.sunyacc.edu and/or requesting a copy from the Office of the Vice President for Administrative Services and Treasurer in Warren Hall.

Parking is never allowed in the visitor parking spaces in the Warren Hall circle.

POLICY ON MAINTAINING THE SECURITY, CONFIDENTIALITY, AND INTEGRITY OF STUDENT INFORMATION

The College is required to have a written Information Security Program to protect non-public personal information retained on students as mandated by the Gramm-Leach-Bliley Act, also known as the Financial Services Modernization Act of 1999. All paper and electronic student records are controlled and secured by the relevant campus offices and are routinely assessed for risks and safeguards. 4. Any person aggrieved by any act, decision, or directive of either the Director of Student Engagement & Diversity Initiatives or the Associate Vice President of Facilities may appeal such act, decision, or directive to the College’s Vice President for Administrative Services and Treasurer within fifteen (15) days of such act, decision, or directive. STUDENT TRIP POLICY

Policies are in place for academic and Student Association (SA) sponsored college trips. SA sponsored trips are defined as such if student activity fees or club fundraised monies are approved for use toward the travel. During SA sponsored and academic trips, students are expected to abide by the regulations described in this handbook as well as the Student Organization Handbook. Refer to the SUNY Adirondack Student Organization Handbook available online on the Student Life webpage or Pack Life for specific trip guidelines.

CHILDREN ON CAMPUS POLICY

We have become aware that, from time to time, children of students and employees have been allowed to spend significant periods of time in classrooms and workspaces. In addition, we have become aware that there are also occasions when children may be in the Student Center or other areas on campus without supervision. These cases can disrupt students who are attempting to study, other classes, and affect office performance. They also have health and safety implications, and negatively affect our insurance liability.

Consequently, we would like to inform the SUNY Adirondack community that this tradition of bringing children to the SUNY Adirondack campus when they may be ill, when caregivers have been unavailable, or when their school is not in session will no longer be allowed by the college. We do recognize, of course, that there may be times of transition where children might be on campus for short intervals-usually never more than 15 minutes. This is not a serious problem nor a violation. We thank you in advance for your understanding and your cooperation with this matter.

ENVIRONMENTAL AWARENESS recycling

FACTS

- The normal faucet flow is around 3-5 gallons of water per minute.
- Showers can account for up to 32% of home water use.
- 280 million tires are discarded every year in the United States.
- Polystyrene foam is not biodegradable. In simple terms, the foam cup you throw away today will still be sitting there 500 years from now.
- When motor oil is not disposed of properly, it can seep into the ground and contaminate our drinking water. Just one quart of motor oil can pollute 250,000 gallons of drinking water.
- An aluminum can that is not recycled will still litter the earth almost 500 years later.
- The average office worker throws away about 180 lbs. of recyclable paper every year.
- Hot dogs last up to 20-25 years in a landfill.
- 70% of the trash that people throw away can be recycled.
- Each person throws away an average of 1,460 pounds of garbage each year.
- Americans throw away enough aluminum every three months to rebuild our entire commercial air fleet.

SUCCESS SKILLS  successful notetaking

SUCCESSFUL NOTETAKING

- Taking notes reinforces what we hear in the classroom and requires active listening. Having accurate information makes your outside study and review time that much easier. Good notetaking requires practice.
- Be aware of each instructor’s lecture style; learning how to adapt to each style takes patience. Take notes as you (attentively) listen to the lecture. Keep notes in an individual notebook for each class or in a loose-leaf binder that has a section for each class. Your instructor may have certain requirements.
- Date each day’s notes, and keep them in chronological order. Some instructors provide outlines that tell you how a series of lectures will be organized; other instructors will deliver their lectures and expect you to write the information in your notes. Most instructors will emphasize important points by stressing them or repeating them a few times. Make a note in the margin or highlight any information the instructor specifically identifies as important.
- Write notes in short phrases, leaving out unnecessary words. Use abbreviations. Write clearly so you will be able to understand your notes when you review them.
- If you make a mistake, a single line through the material is less time consuming than trying to erase the whole thing. This will save time and you won’t miss any of the lecture. Don’t copy your notes over to make them neat; write them neatly in the first place. Don’t create opportunities to waste your time.
- Write notes on the right two-thirds of the notebook page. Keep the left one-third free for your follow-up questions or to highlight the really important points in the discussion.
- Listen for key ideas. Write them down in your own words. Don’t try to write down every word that your instructors say. Some instructors will use the chalkboard, an overhead projector, or a PowerPoint presentation to outline these key ideas. Others will simply stress them in their discussion.
- Soon after class, while the information is still fresh in your mind, create questions directly related to your notes in the left column of the paper. Place these questions across from the information to which it pertains. Highlight or underline any key points, terms, events or people. Quiz yourself by covering the 2/3 side of your notes and try to answer the questions you developed without referring to your notes. If you need to refresh your memory, simply uncover the note section to find the answers to your questions. Short, quick reviews will help you remember and understand the information as well as prepare for tests.
- Review your notes daily. This reinforces the information and helps you make sure that you understand the material.
- Make sure your notes summarize, not duplicate, the material.
- Devise your own use of shorthand.
- Vary the size of titles and headings.
- Use a creative approach, not the standard outline form.
- Keep class lecture notes and study notes together.
SUCCESS SKILLS  *keeping a monthly budget*

Learning how to manage your money is an important step in becoming financially independent. It’s never too early to start keeping a budget. Use this budget worksheet to determine your income and expenses. If you need to cut back on spending, little bits add up.

> When dining out with friends, don’t order a soda; drink water instead.

> Skip costly coffeehouses and brew your own at home.

> Save money on gas and parking by walking to class or carpooling with pals.

> Many communities offer paying recycling programs, so cash in those cans.

> Consider trimming “extras” that add up, such as a cell phone or cable TV.
